Drinking your own pee is really, really disgusting! But it's better than going thirsty! So, just to make sure I have more pee available in the event of another emergency, I've jumped into a nearby fountain!

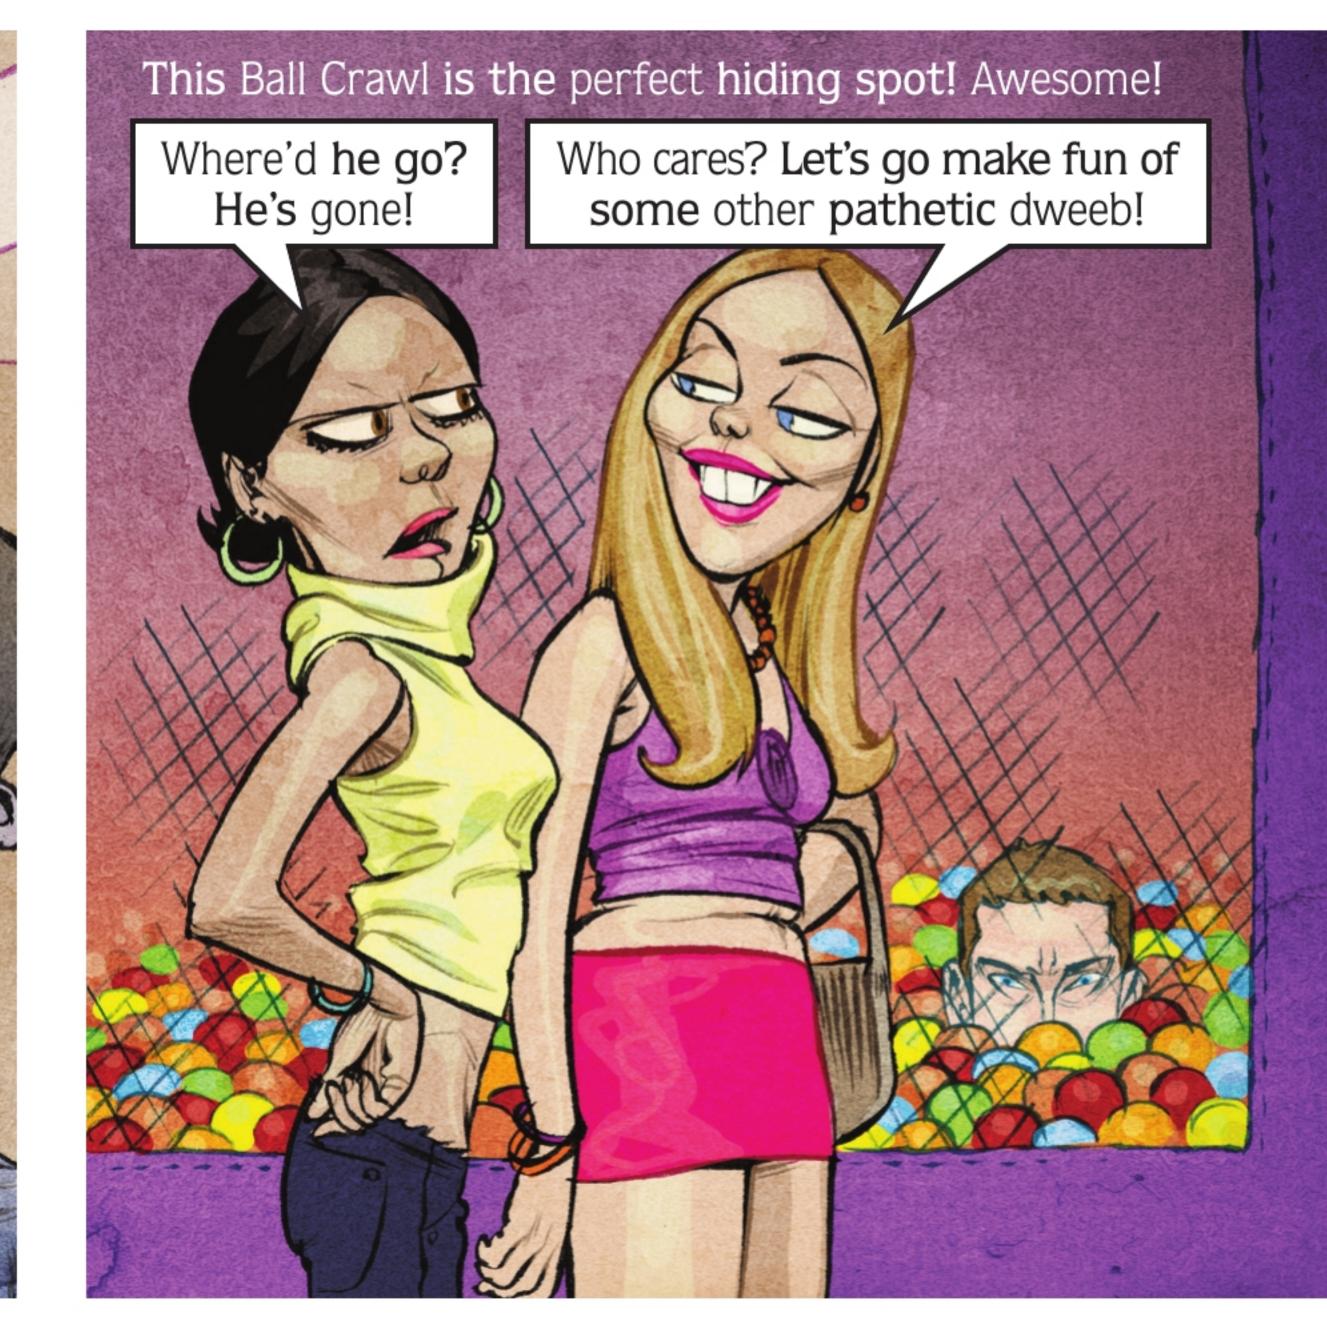

Wow, this fountain is an excellent source of water, which is an invaluable source of potentially life-saving urine!

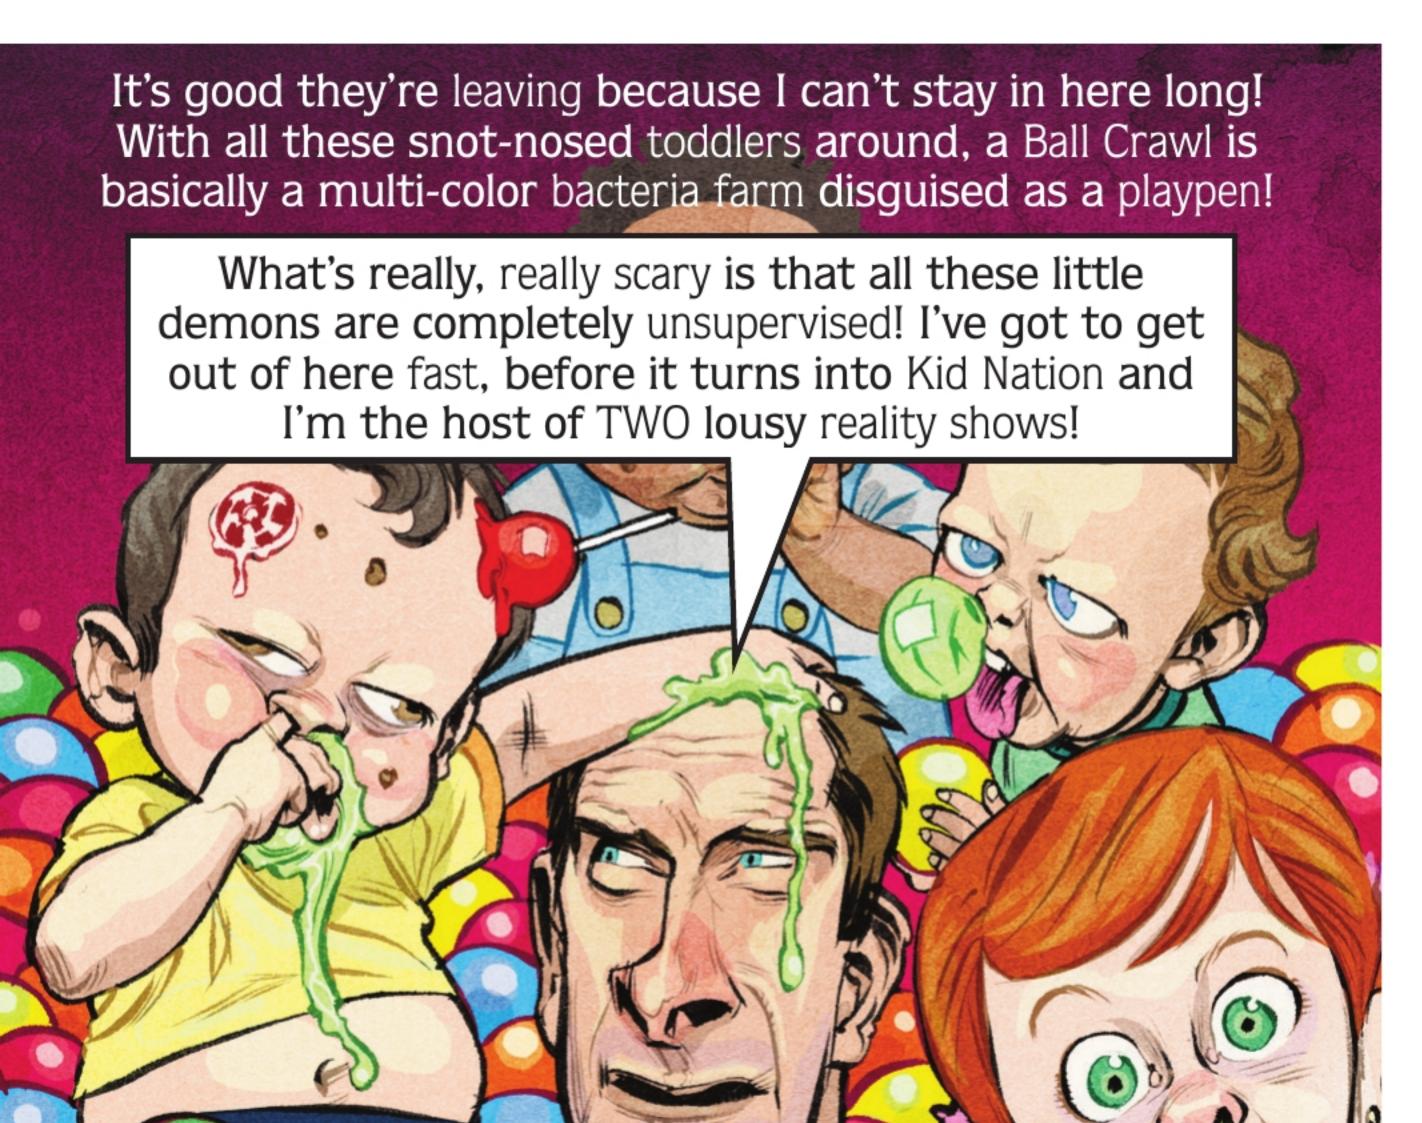

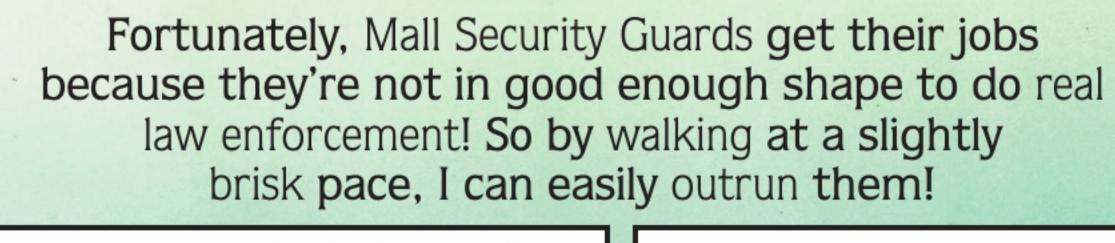

Uh-oh! Over there is the scariest thing you can encounter in any mall — Cool Teenage Girls! I've go to be careful and — no, they've spotted me!

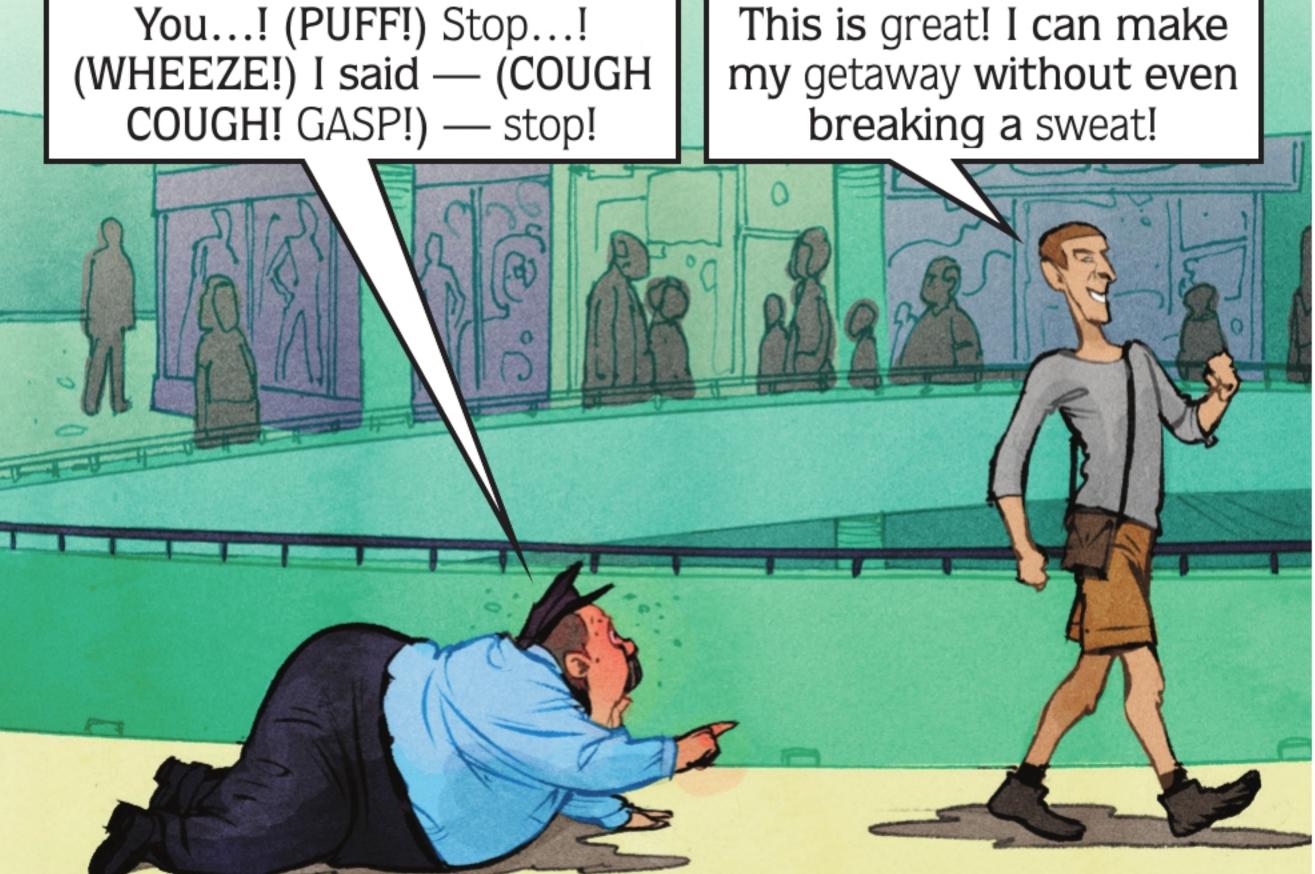

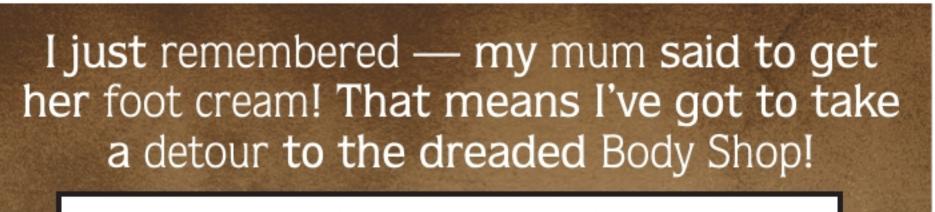

I've

got to

fast!

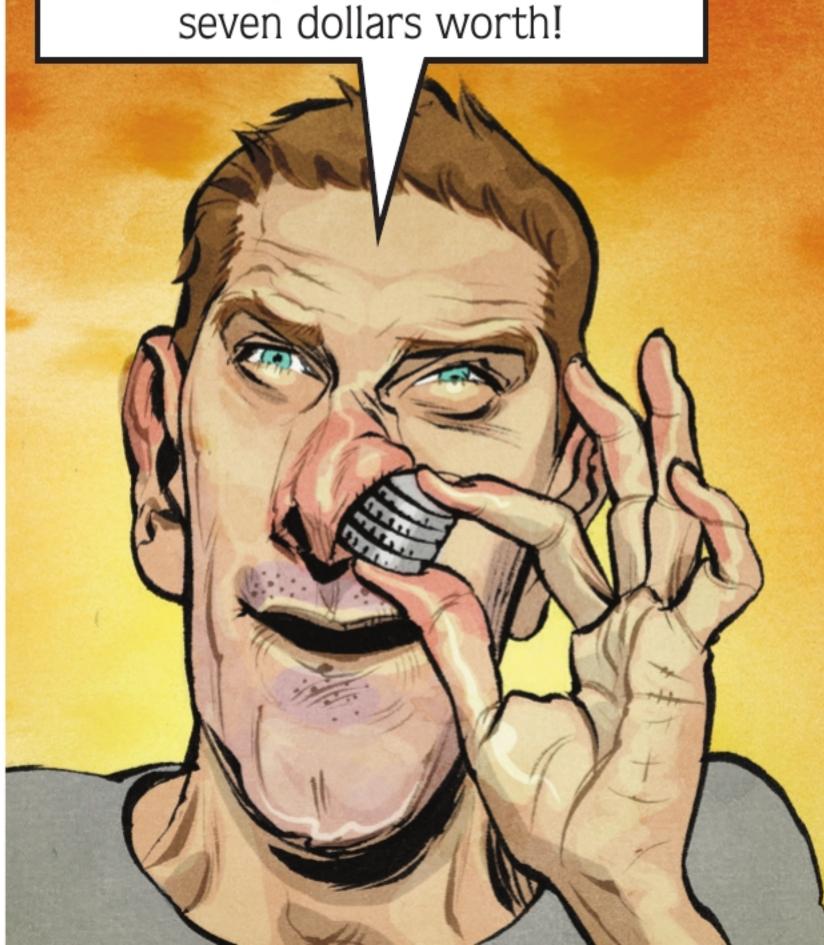

Or I'm

doomed!

It smells really, really awful in here! Like potpourri mixed with Pine-Sol! So if I'm going to get out without tossing my crackers, I'll need something to block the odor!

These quarters I took from the fountain will make perfect nose plugs! Although with a nose as big as mine, I'm going to need about

When storage units are abandoned because renters fall behind in their payments, rats invade the lockers. No, not the rodents! They're nice compared to creepy, slimy, bidding...

All our "star" bidders are here, ready to make money off the misfortunes of others. Locker renters lose their belongings when they fall on hard times and can't make payments, but our bidders are here to make their despair FUN! Each star bidder has his or her own special personality...actually, none of them has any personality at all, but our producers invented "personalities" for each of them. With that in mind, introduce yourselves!

I'm Barrel Schlitz and I've been hooked on

storage auctions since I found four authentic

Matisse paintings at one 20 years ago.

They were the ugliest *&^%ing paintings

you ever saw so I threw them out, but I

got \$300 for each of the frames! I made

\$1,200 and I only paid \$700 for the locker.

So as you can see, I know what I'm doing!

I'm Barely Wise, a laid-back, know-it-all collector. I'm also

a **show-off**. To make sure all eyes are on **me** when I pull

into an auction, I always show up in something weird. It

could be a racecar, a scooter or even an antique car. I spent

the most money ever today to make a grand entrance.

I came here in a yacht! The reason it was so expensive is

that we're **20 miles** from any **body of water!** Do you

know how much it costs to dig a 20-mile-long inlet?!?

I'm Grave Fester. I come to every auction with a lot of bucks to spend and a lot of contempt for my fellow bidders. I occasionally bid on stuff to buy, but mainly I bid to screw my fellow buyers by driving the prices up. Even if I go home without winning one bid, I have the satisfaction of knowing I made a lot of people miserable. And you can't put a price on that!

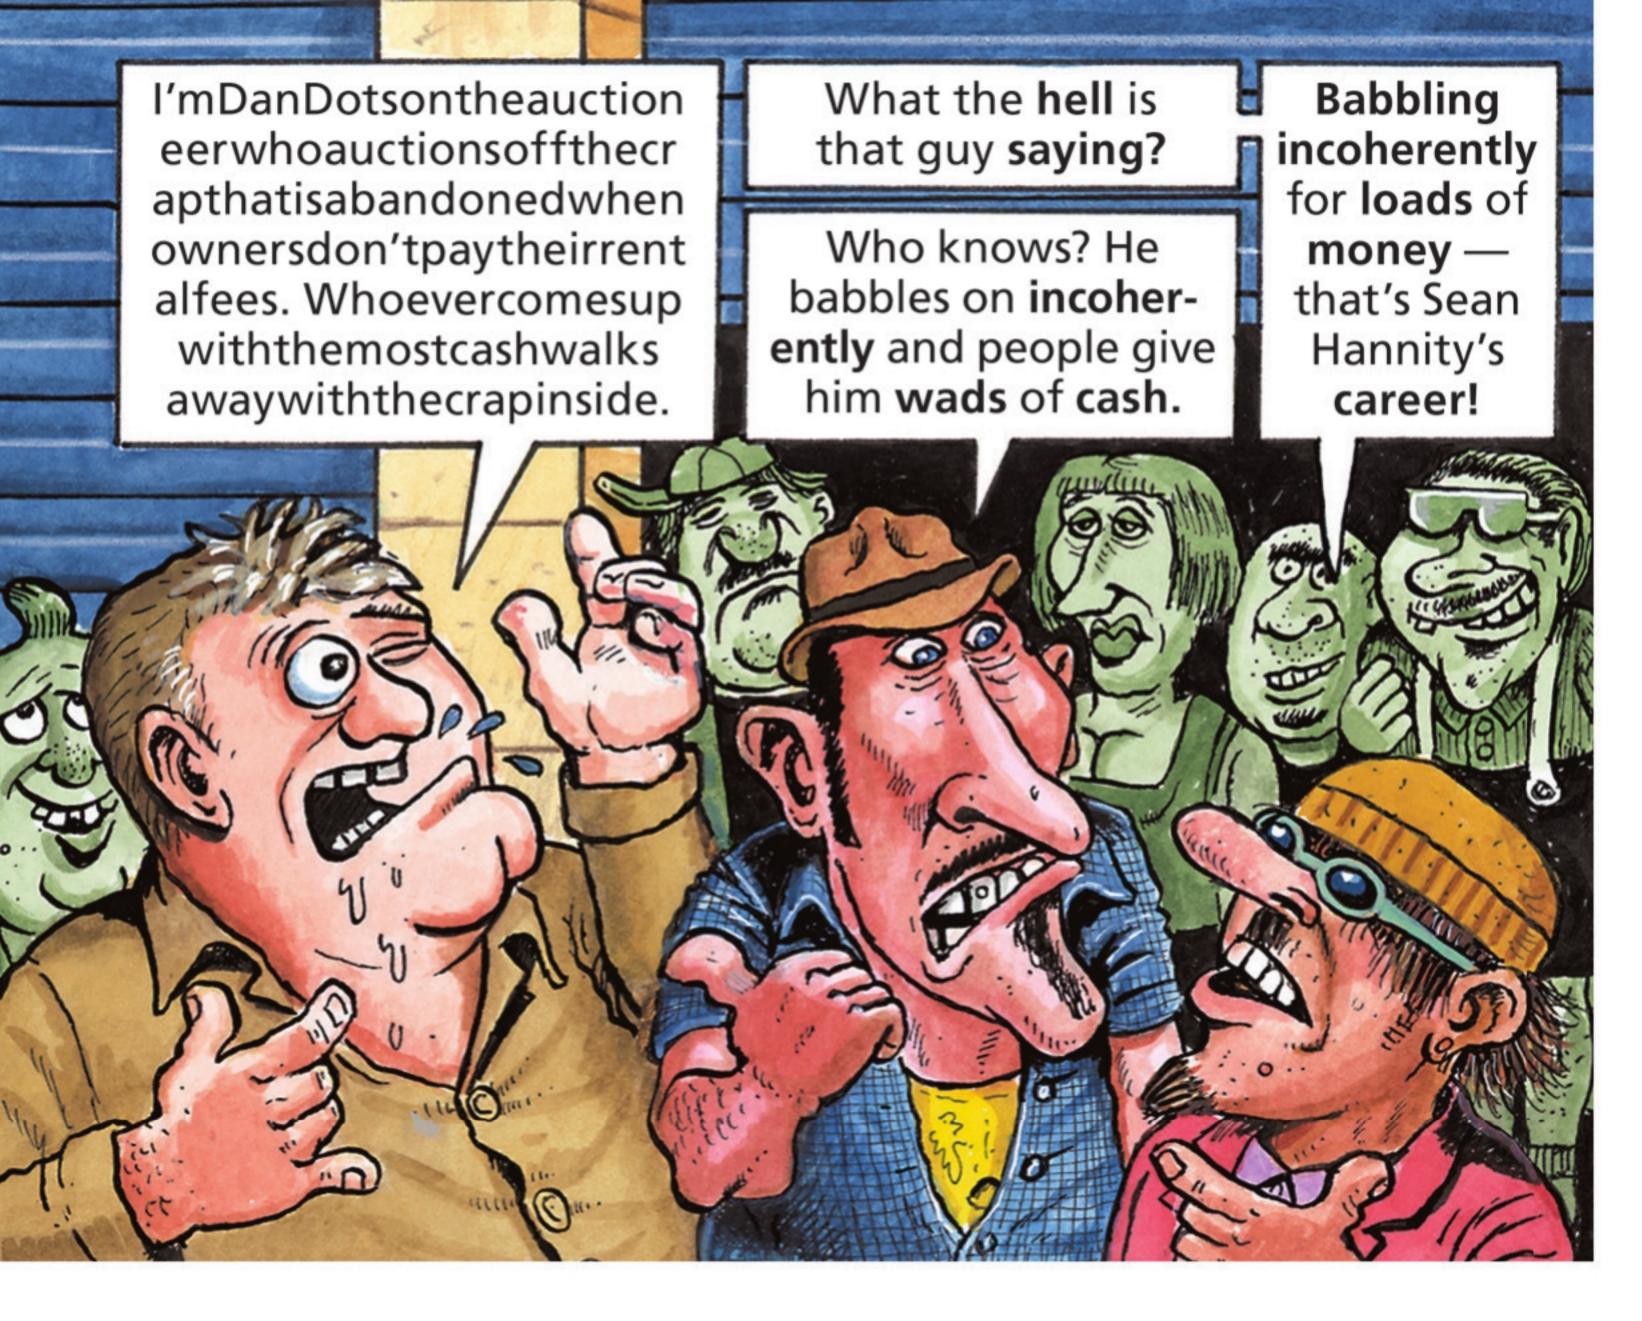

WRITER DICK DEBARTOLO
ARTIST TOM BUNK

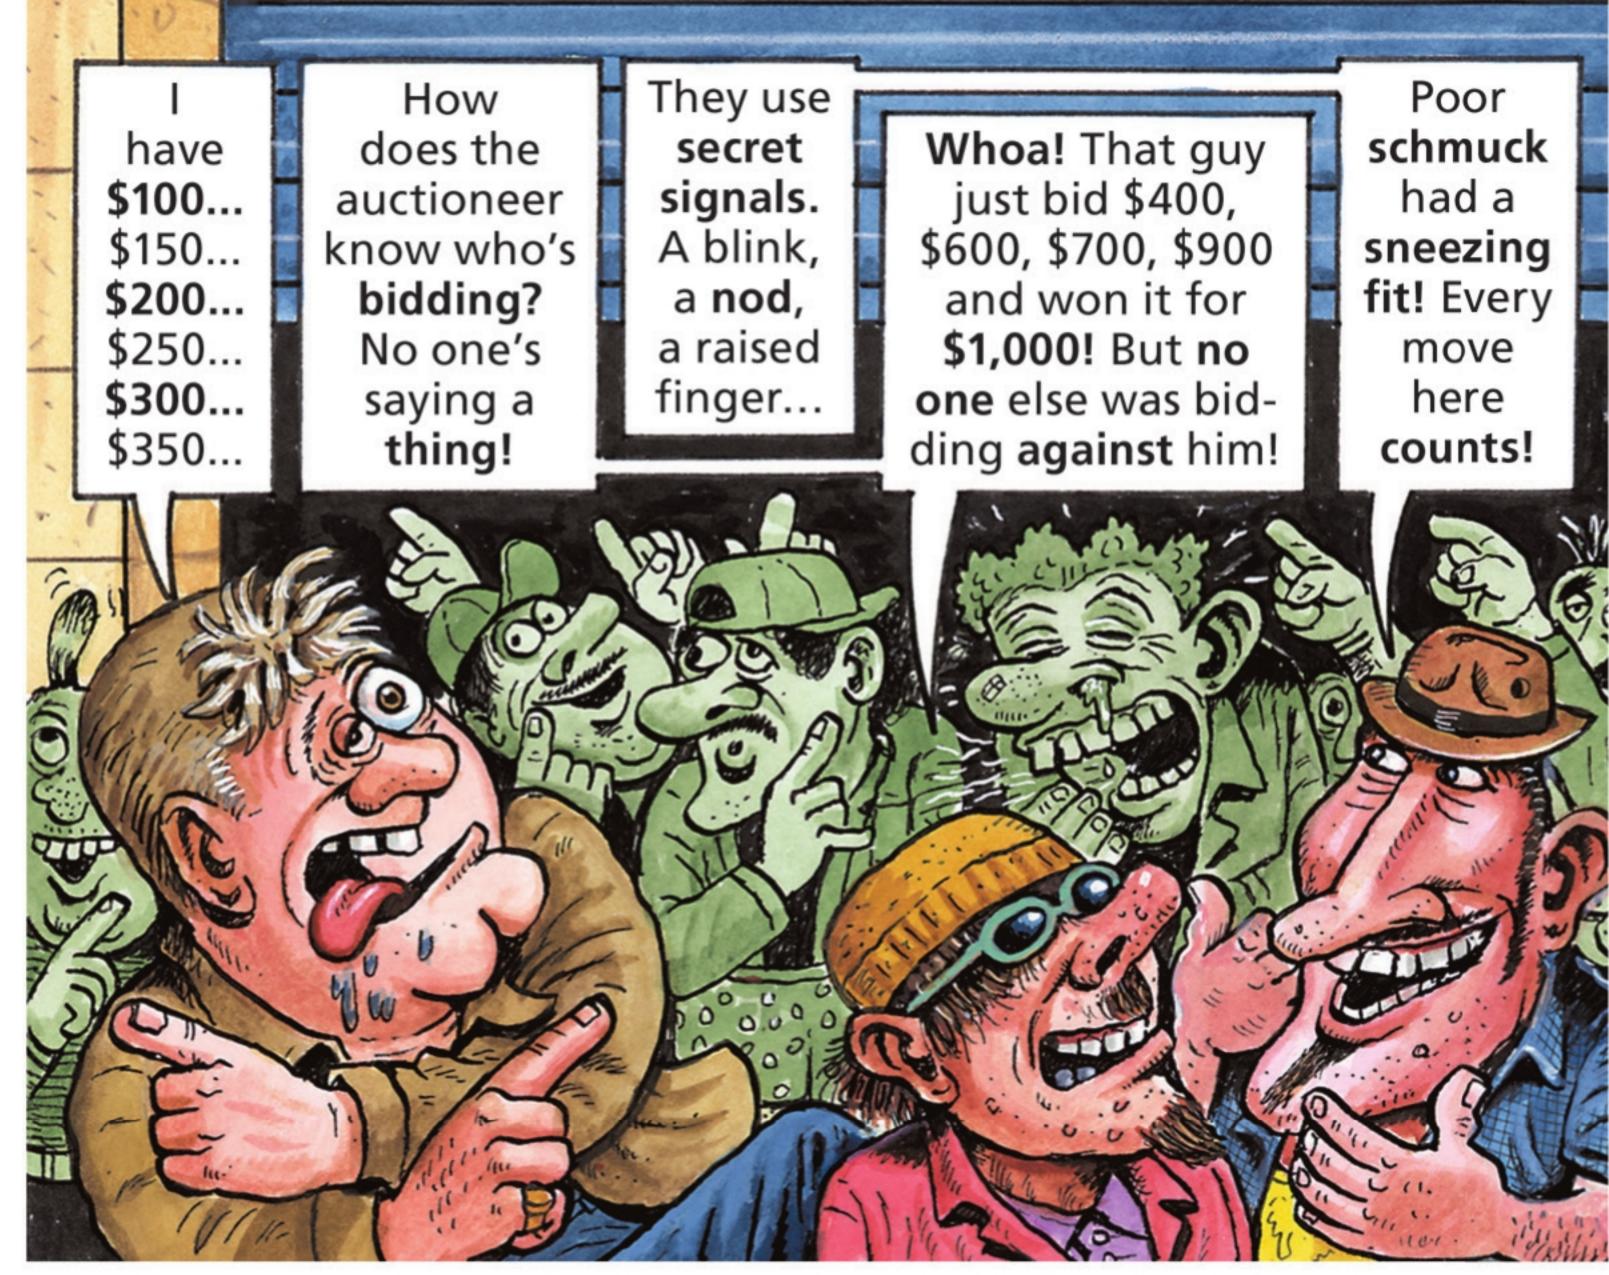

I'm Random, Barrel's son. On this show we're portrayed as lowlife, bottom-feeding scavengers, but guess what? This is A&E — home to shows like *Duck Dynasty* and *Dog the Bounty Hunter*! Other networks can go after the well-educated, 18-to-25-year-old viewer. Couch potatoes who adore lowlife, bottom-feeding scavengers are exactly the demographic this network is after!

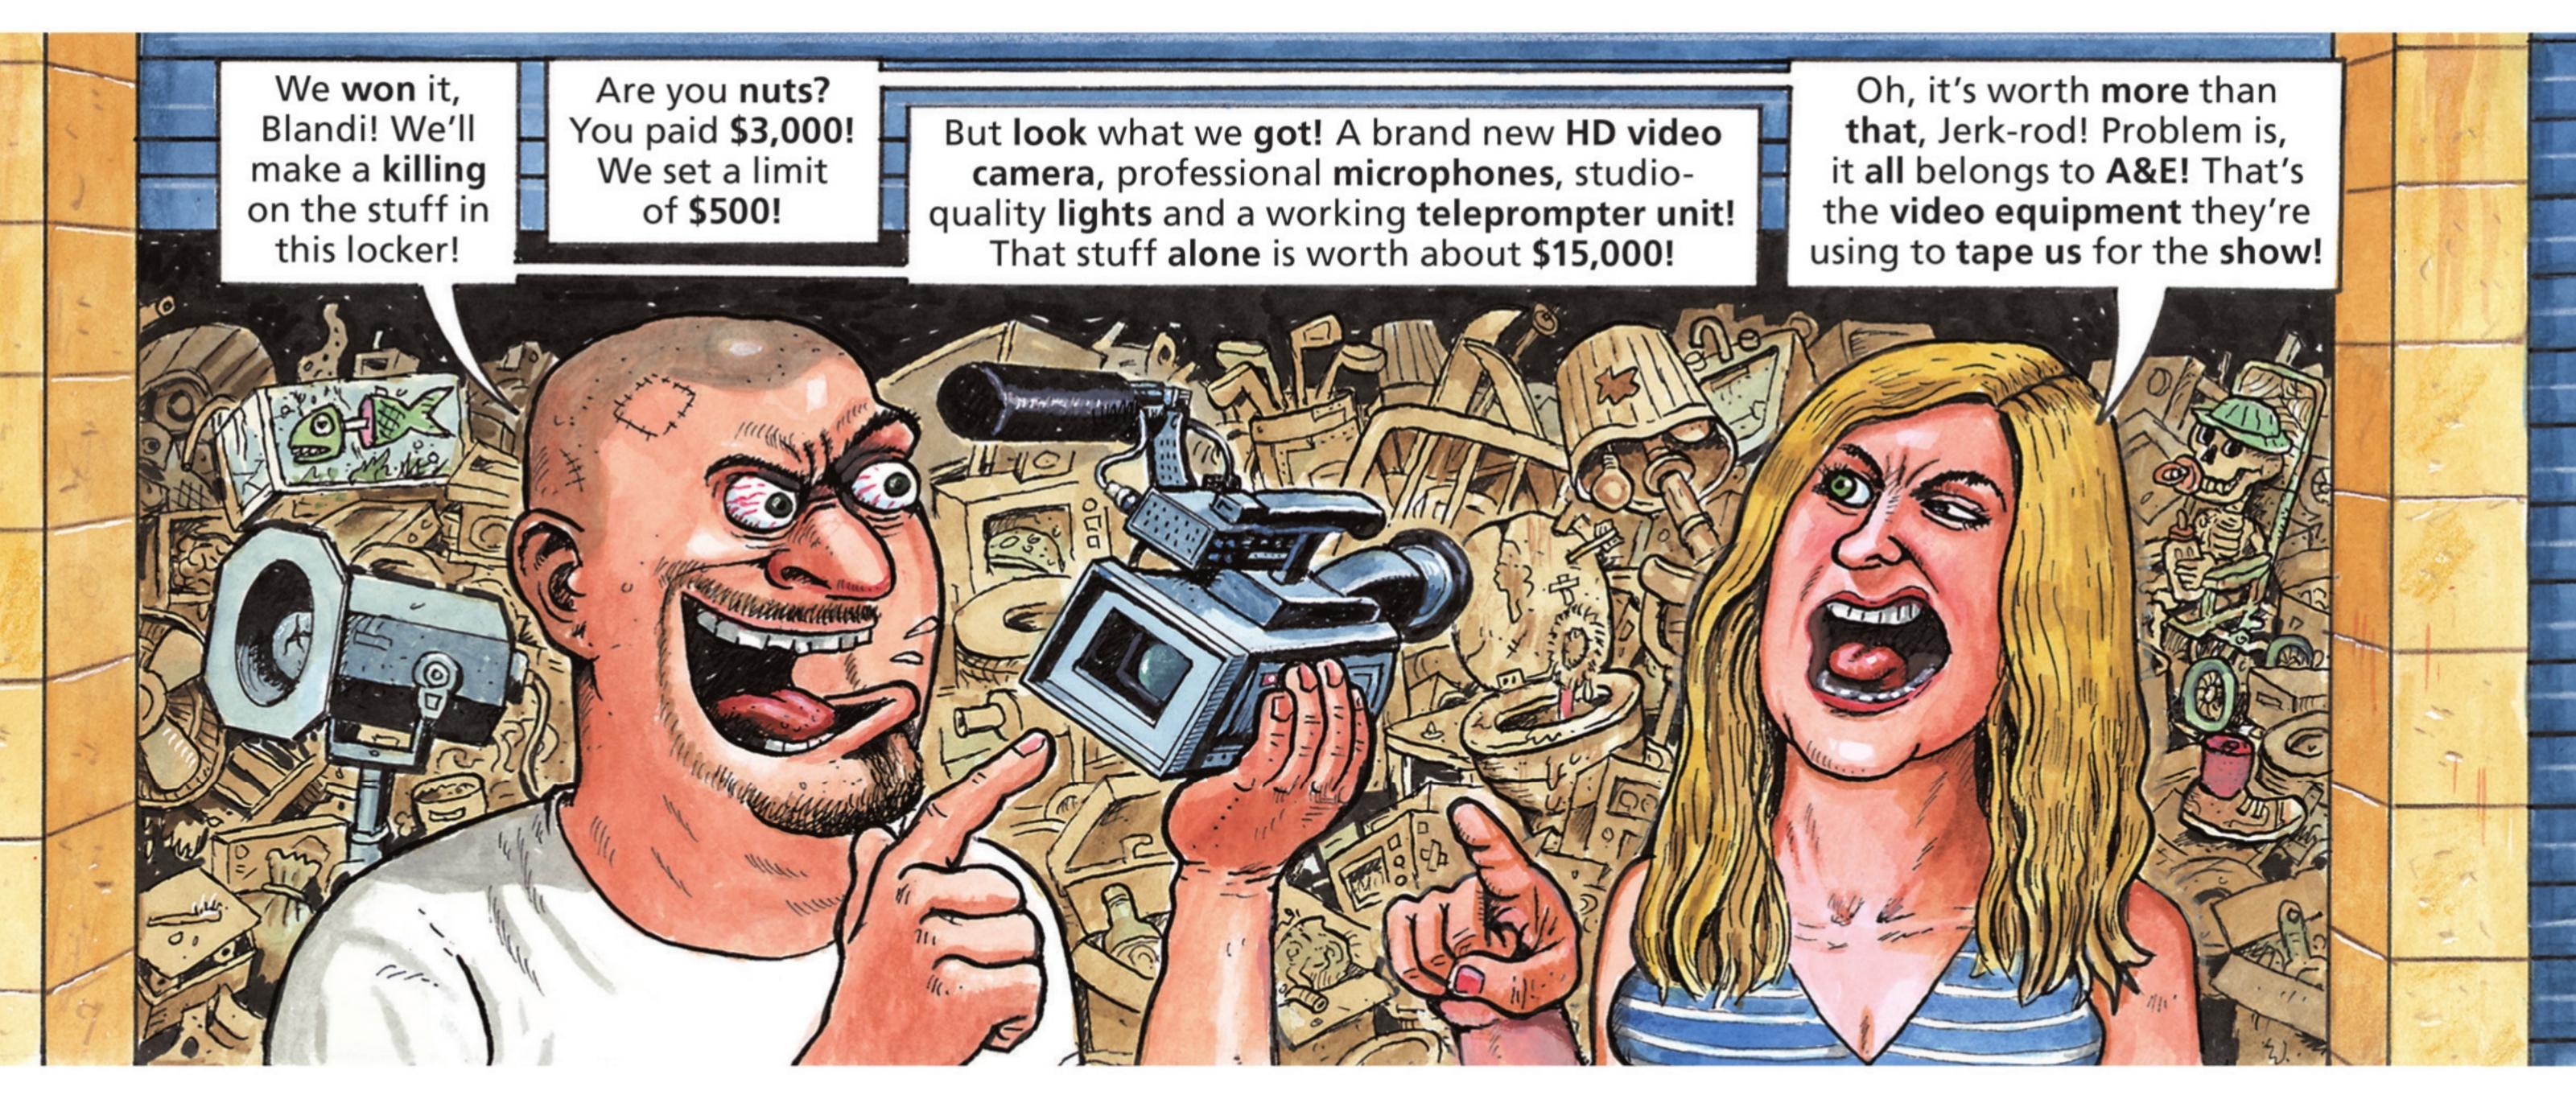

I'm Blandi, Jerk-Rod's wife. When we come home from an auction where we had a fight, which is every auction, I can't stand to be in the same bed with him. So I make him sleep on the couch. He doesn't think it's much of a punishment because he's bought 47 couches over the years. Oops! Actually, 49. I forgot he bought two more couches today!

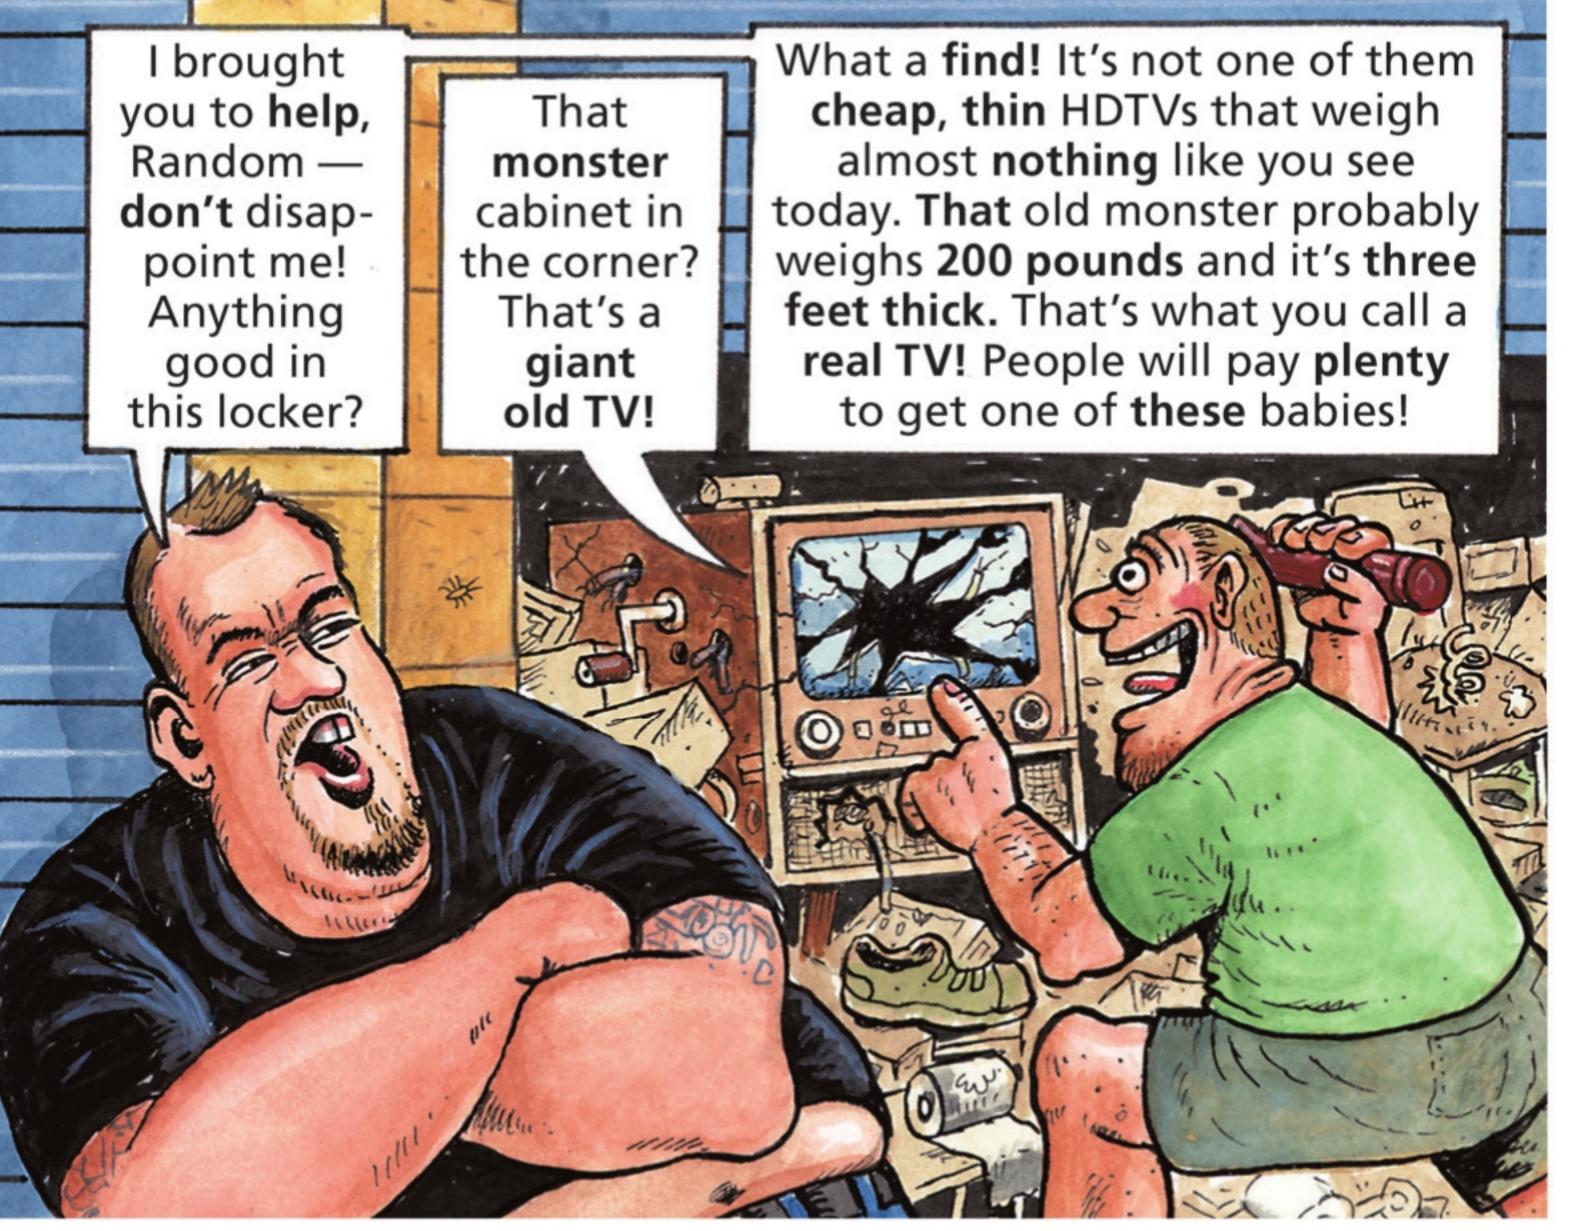

when we open an abandoned locker, you have five minutes to look inside. But you can take all the time you need to belittle and berate your fellow bidders. And you should do that, because that's pretty much the only thing that adds a bit of entertainment to this dreary show!

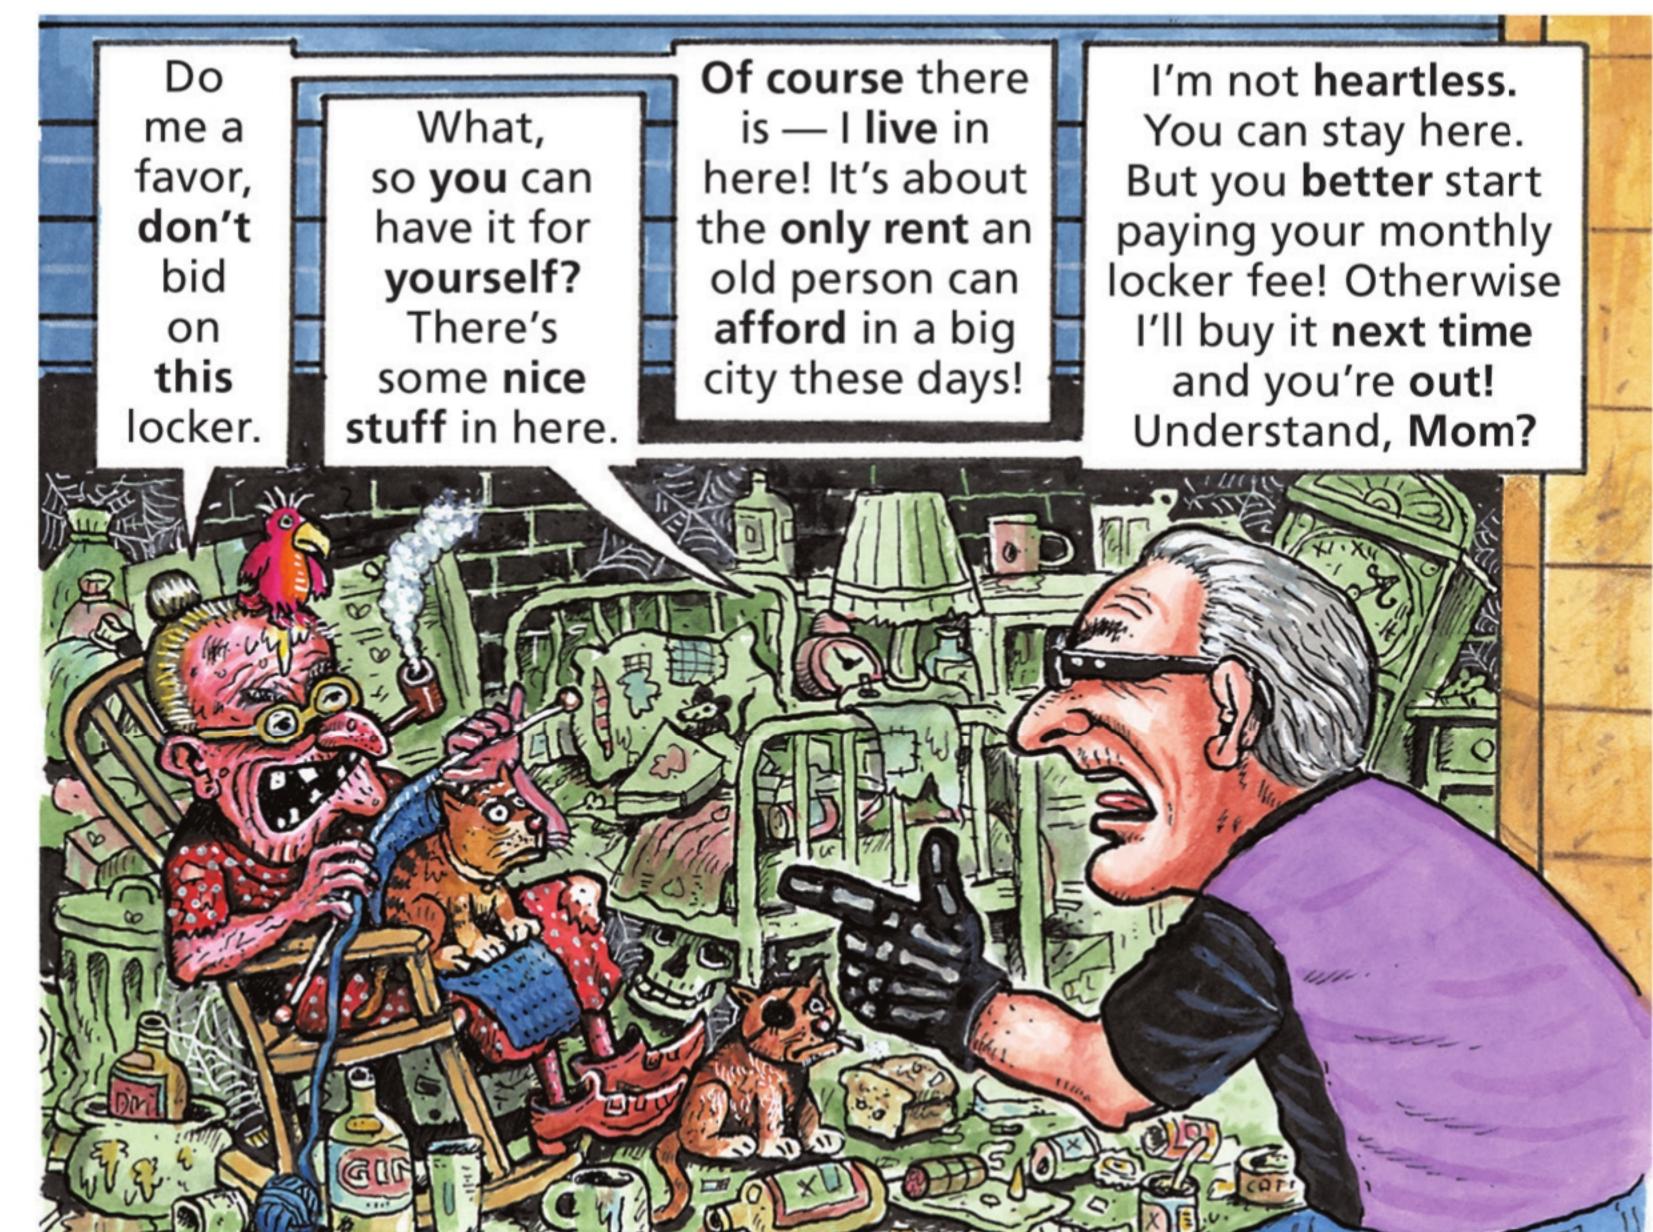

I'm Jerk-Rod Shucks and I'm kind of new to the game of bidding on abandoned property in lockers. My wife says I bid recklessly and waste money on total crap. She claims I don't have a plan. She's wrong! It just so happens my plan is to bid recklessly and waste money on total crap. So far, I've been hugely successful! We're almost broke, but we have a store that's full floor-to-ceiling with worthless crap!

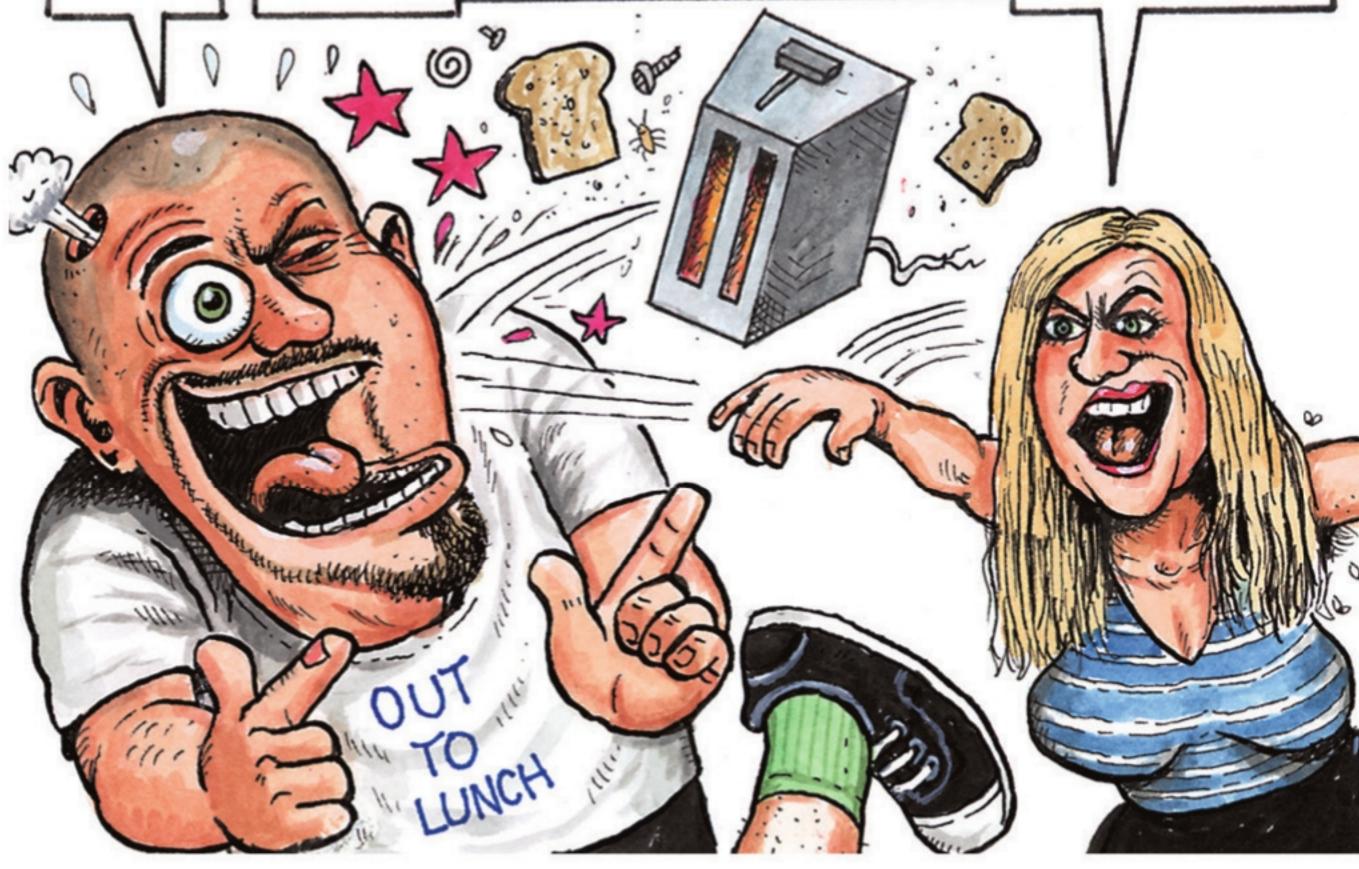

l can't have wait to hear whole this. new What stratis it? egy!

We keep buying antiques, but none of the old ones! We buy only **NEW** antiques! We stick the **others** with the **old** antiques!

If I could abandon **you** in a locker and weld it shut, I'd be a **happy** woman!

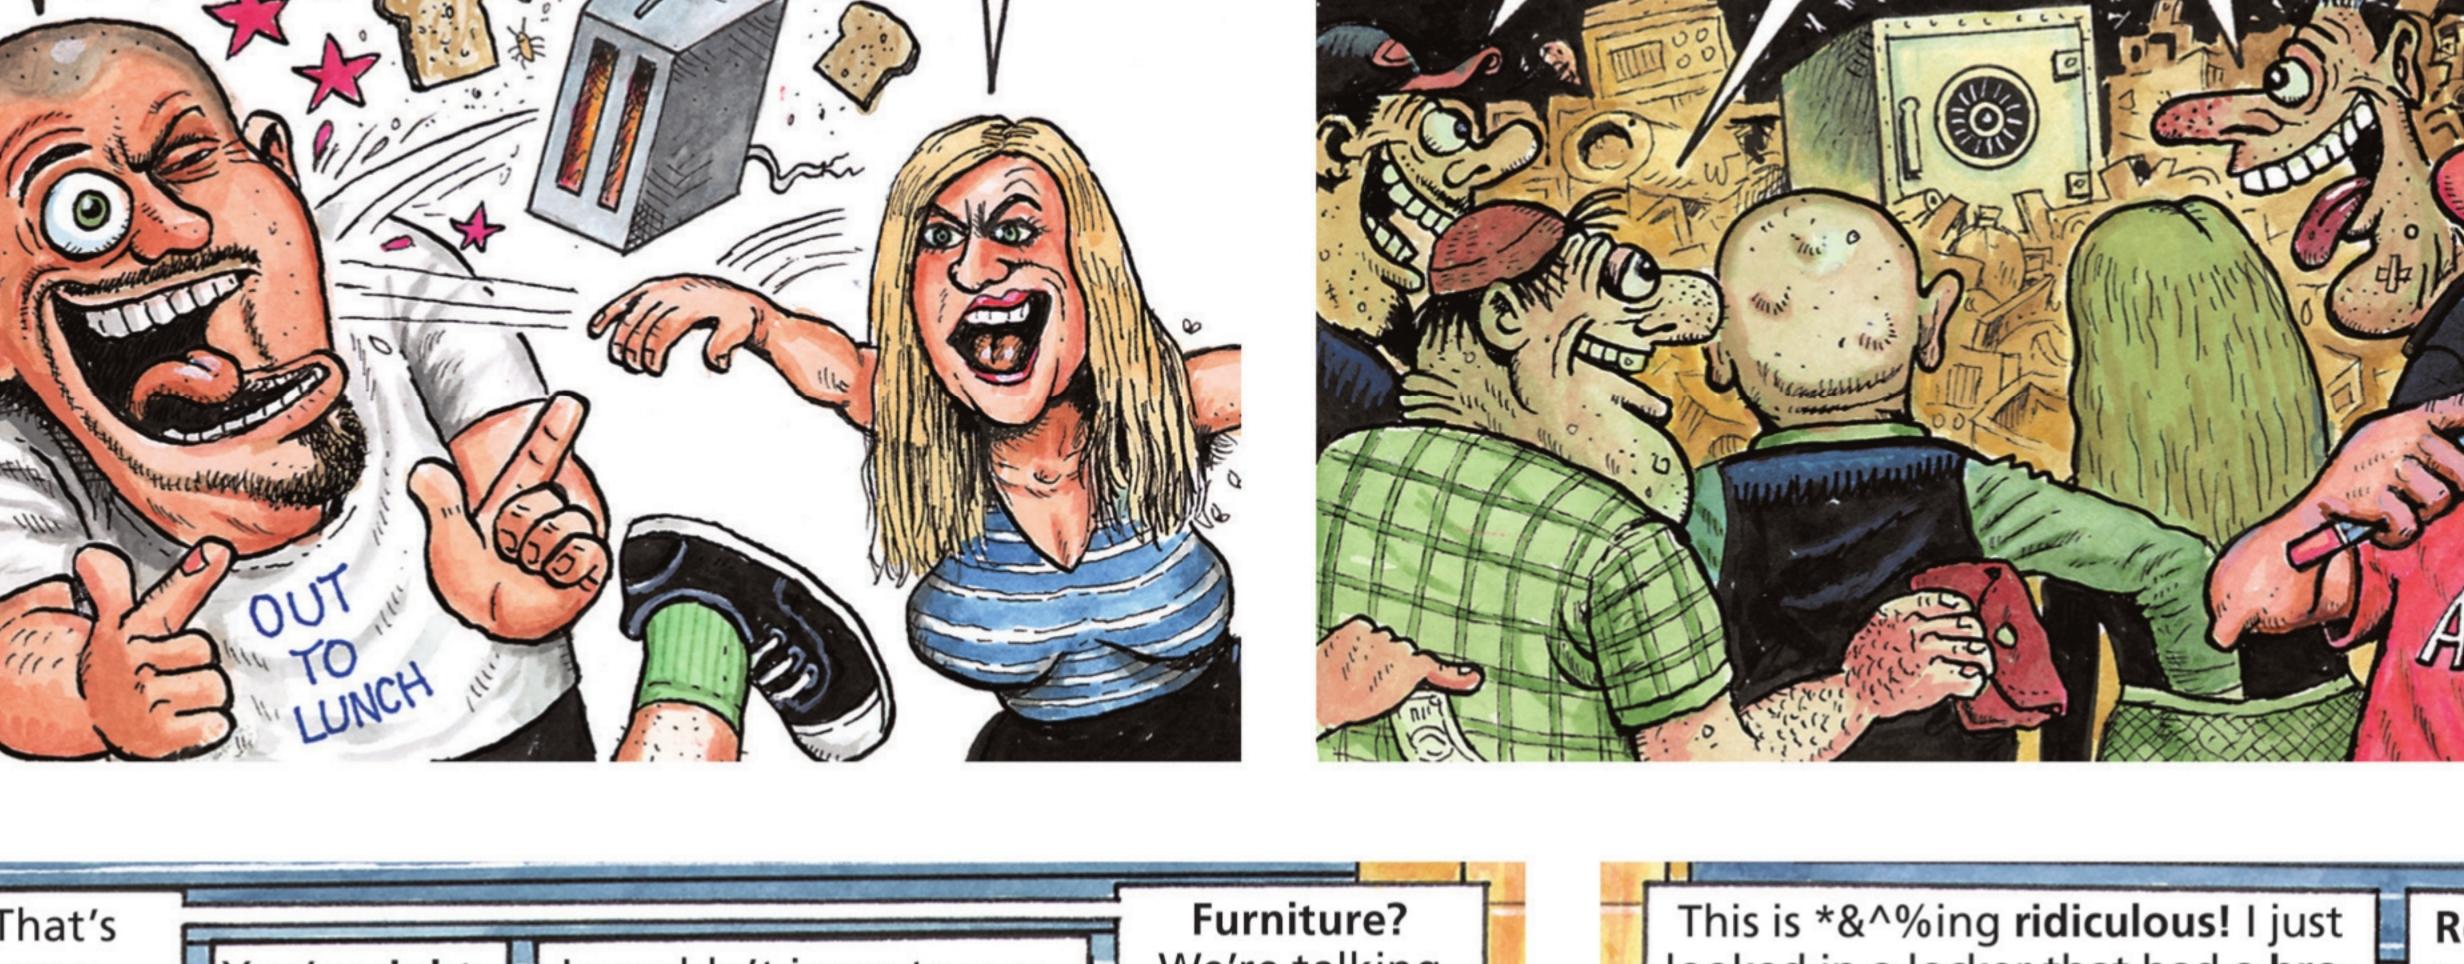

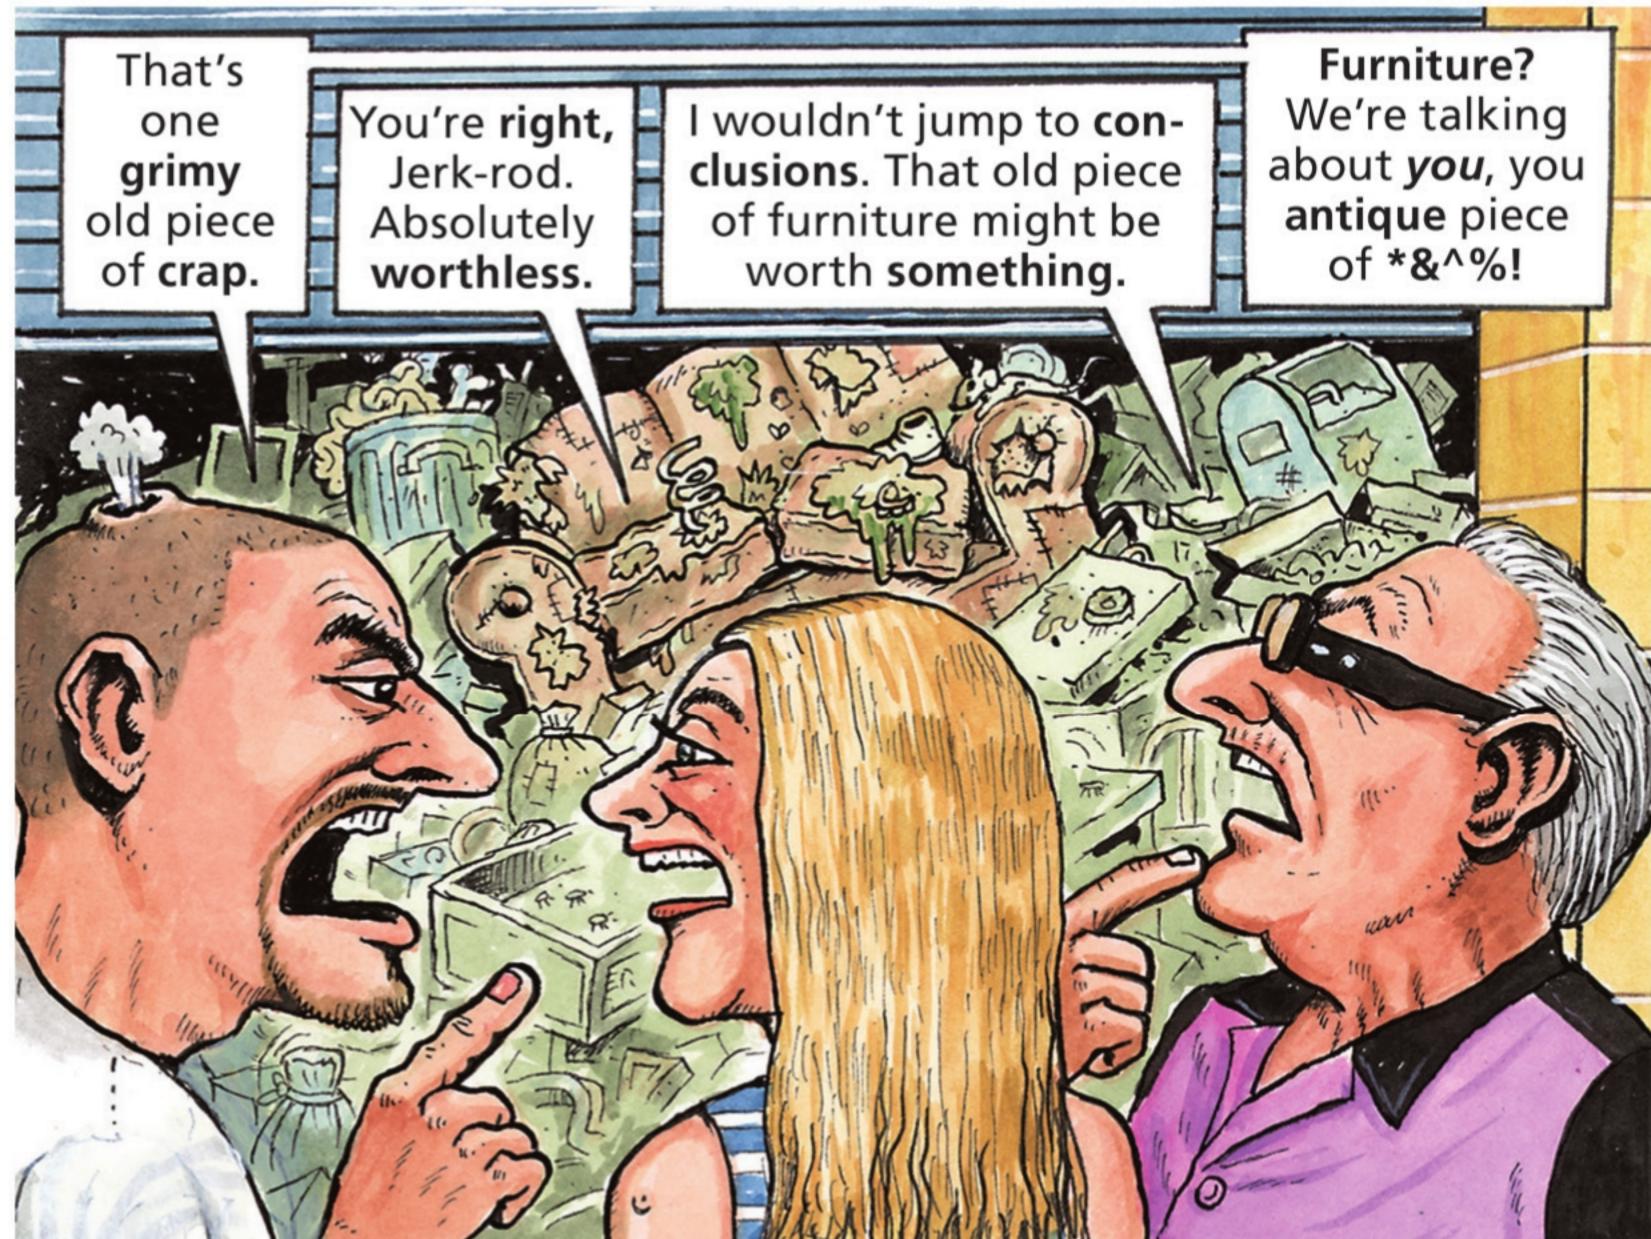

see a **safe** in the corner! There might be some valuable deeds in there — and **that** would be **good** in-DEED!

I see a **safe** in the corner! There might be some valuable deeds in there — and that would be good in-DEED!

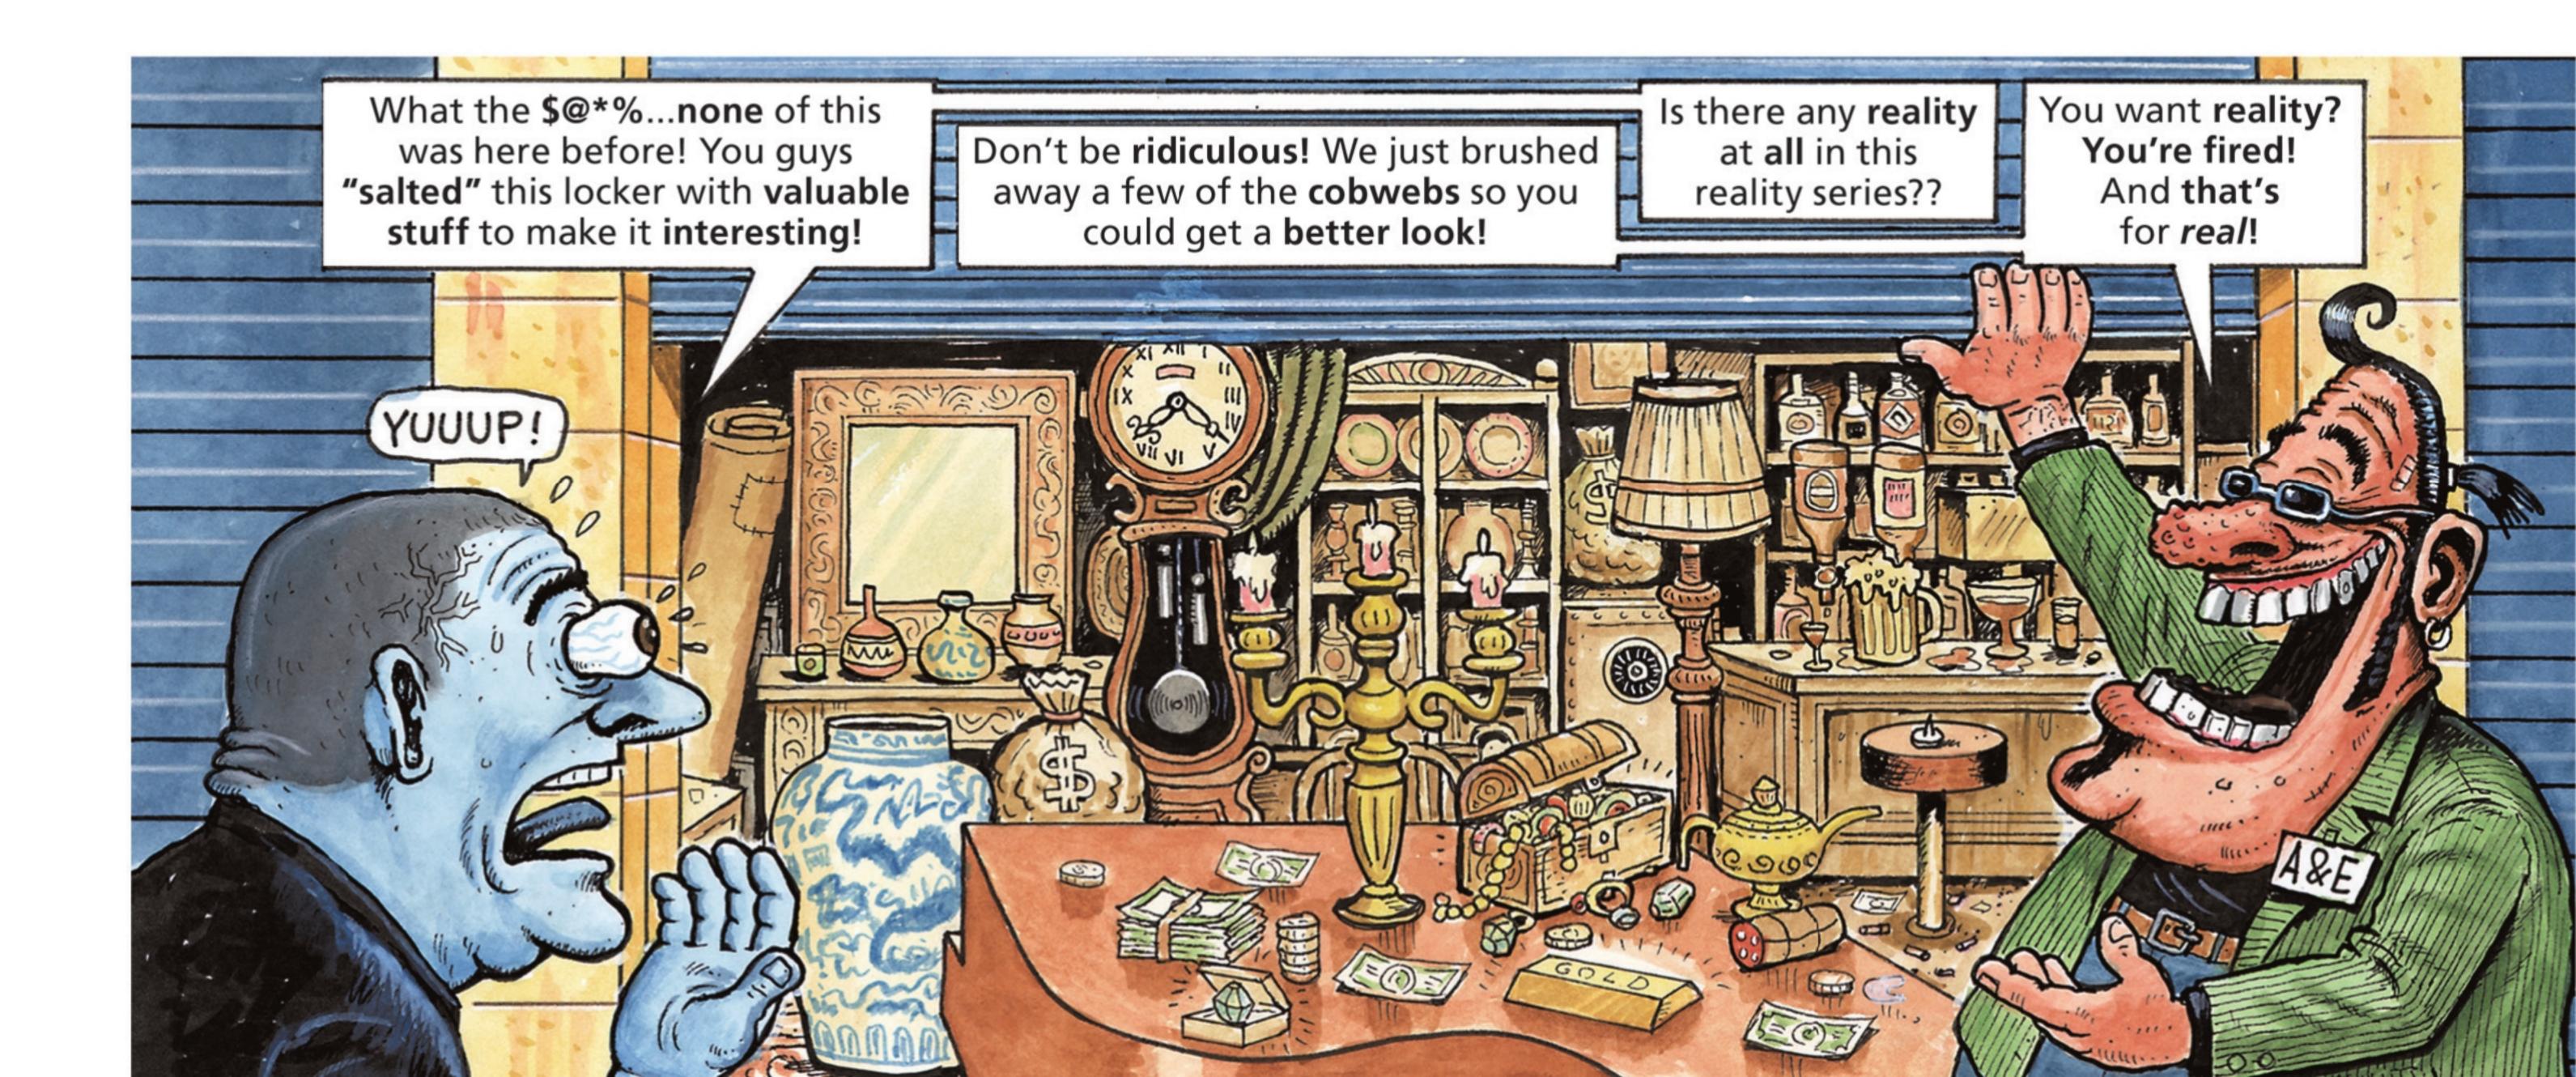

I see a **safe** in the corner! There might be some valuable deeds in there — and **that** would be **good** in-DEED!

Oh crap, l accidentally gave everybody the **exact** same ad lib!

about to see involve real

In the old days, when you had an accident or personal tragedy, you called the police and within minutes cops, firemen and medical personnel were at your door to help you. But these days, everything is showbiz. Call for help and along with the cops come television producers with lights and cameras, ready to video your pain, misery and suffering in the name of prime time entertainment! Be forewarned. Next time disaster strikes you, you might easily find yourself in an even bigger disaster—the television show we call...

MISCUE 911

Everything's

real except

his toupee!

WRITER **DICK DEBARTOLO**

ARTIST JACK DAVIS

I've been in this hole longer re-creating this scene than when I was really trapped! I'm tired and hungry! Can't I please, please go home?

Hey, there are a million 911 stories each week! You're damn lucky we picked yours!

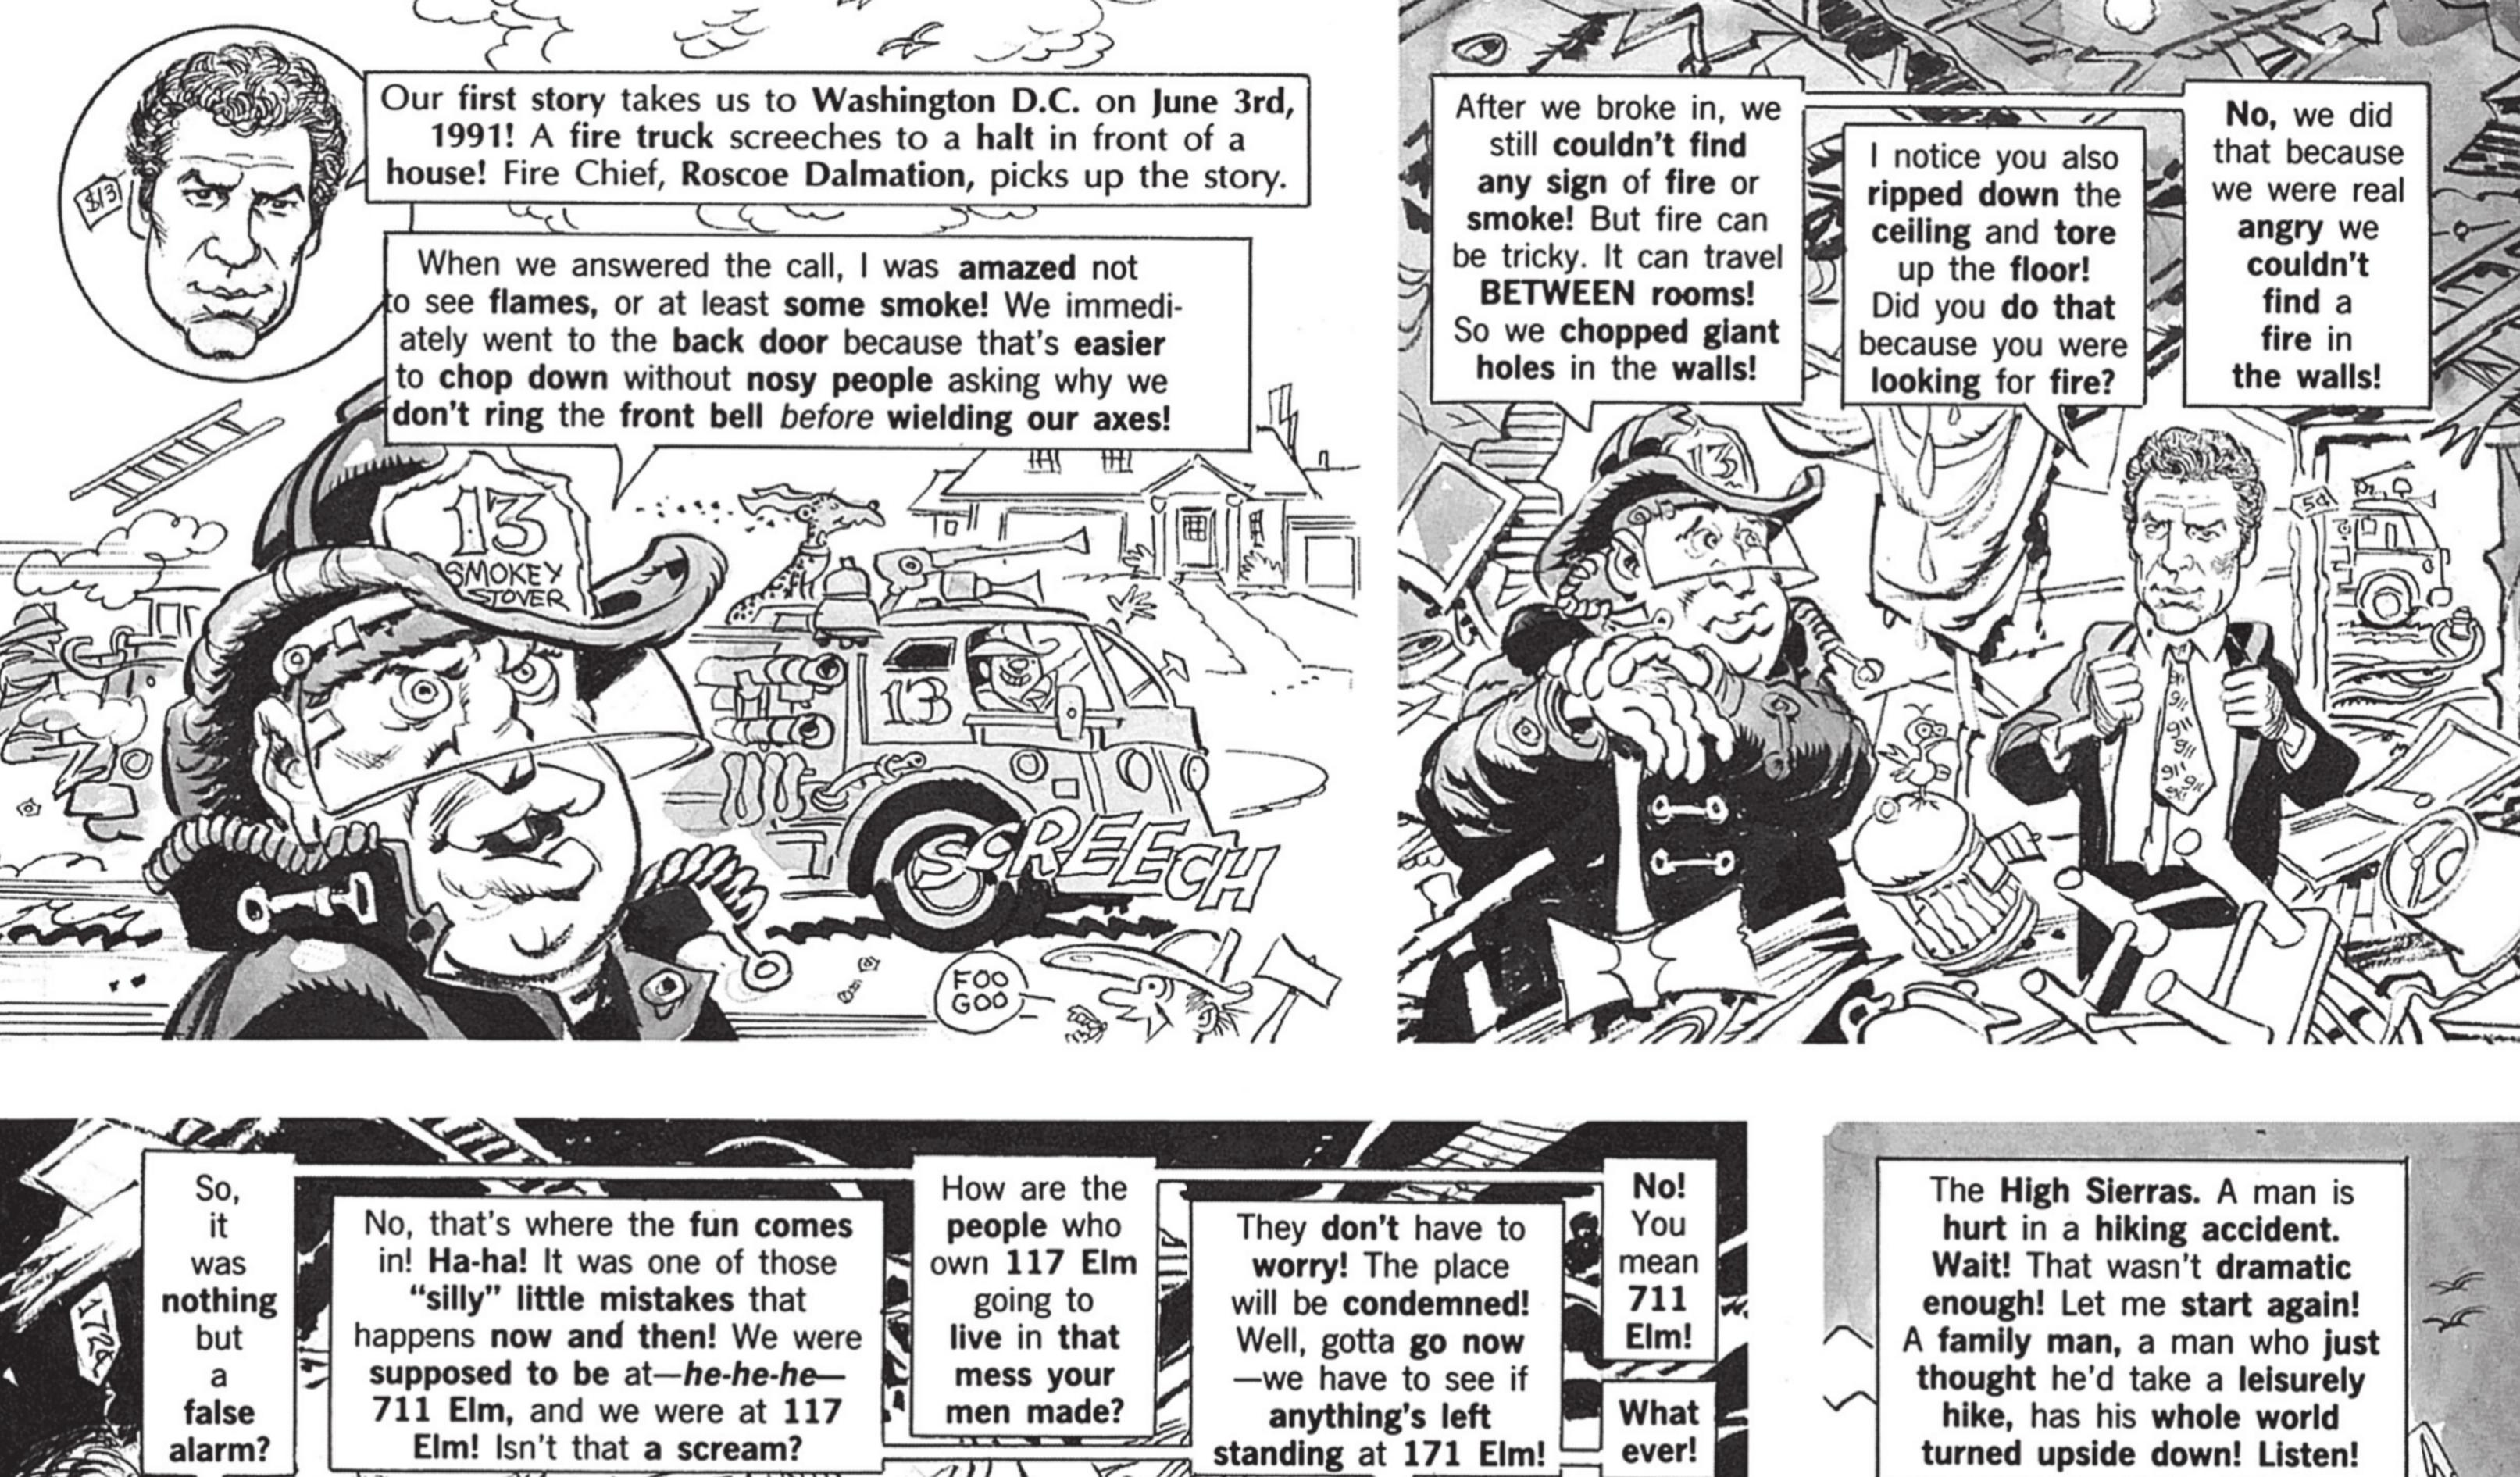

Although some real footage is used, to heighten the dramatic effect, we re-create, re-write, re-edit, make-up, add to, change, alter and fabricate additional "facts"!

Hang a little further over the ledge!

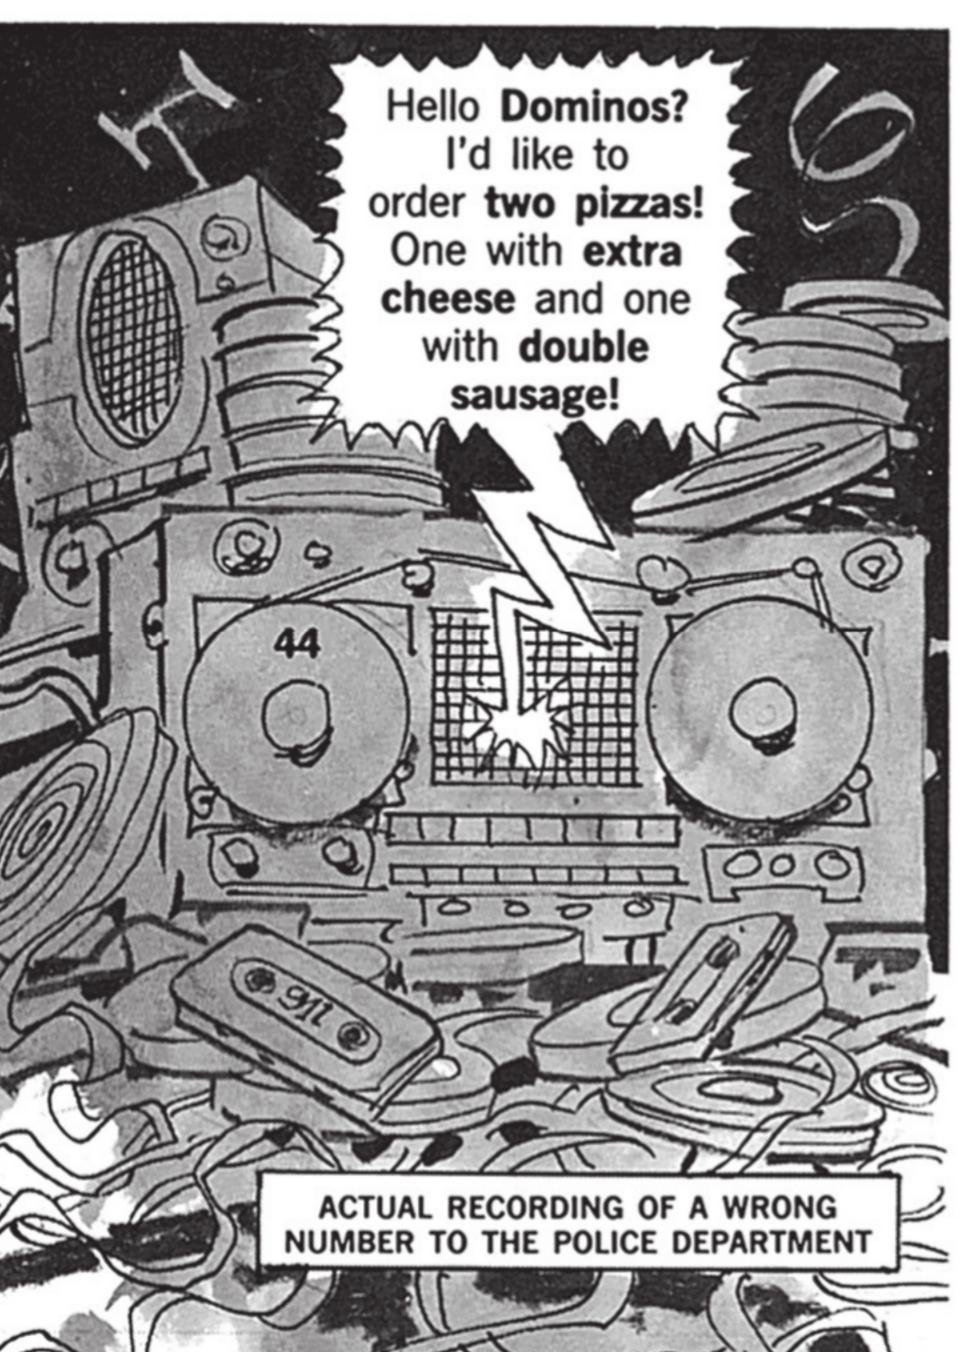

But I could be killed!
Besides, this is where I actually landed when my safety belt broke during my real 911 emergency!

What a wuss! Prop department, see if you can get some bats to fly in his face while he's hanging on! This scene needs more zap!

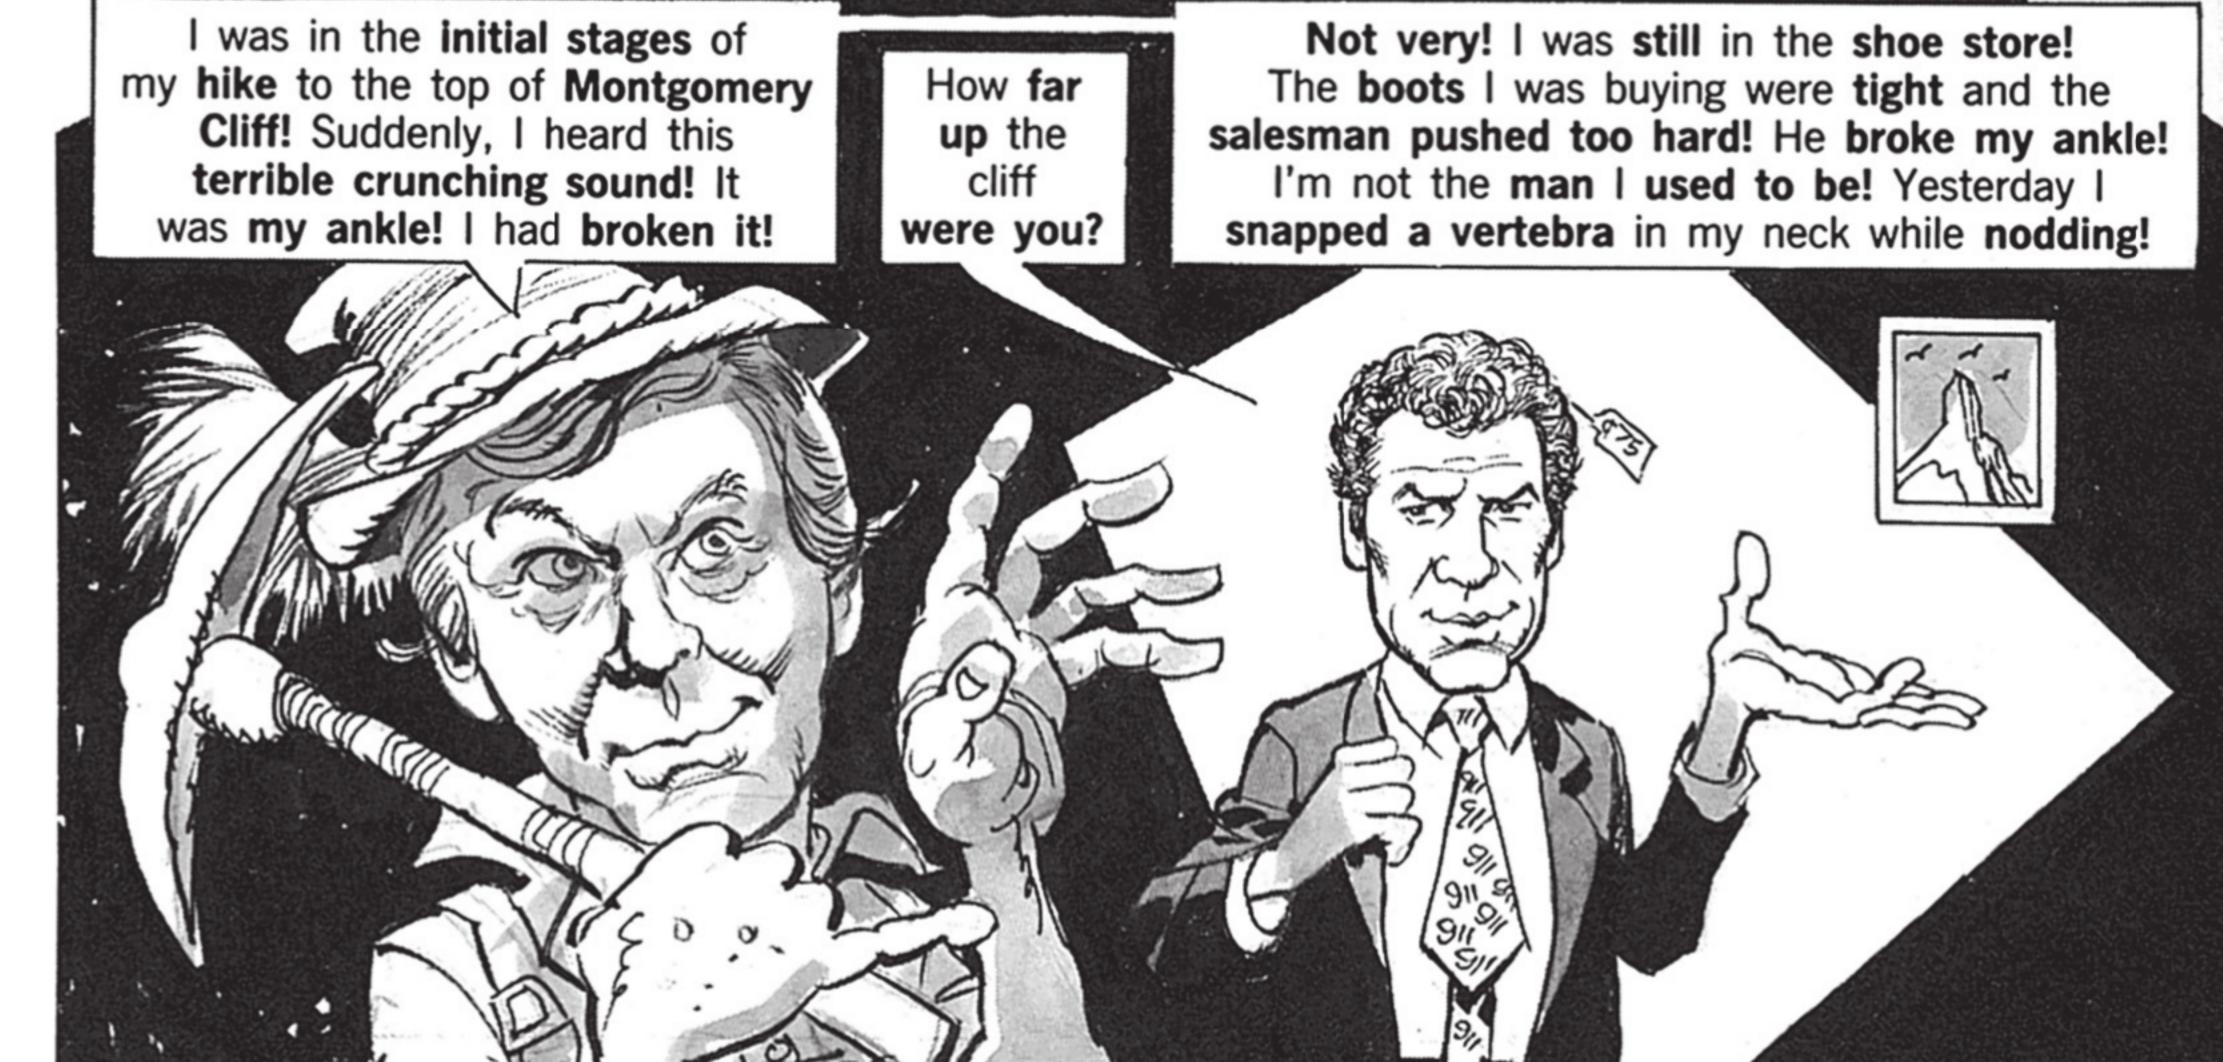

Of course, the tense background music and dramatic "stings" you'll hear throughout this show were not present during the actual emergency —except for the time a tidal wave hit the Miami Philharmonic!

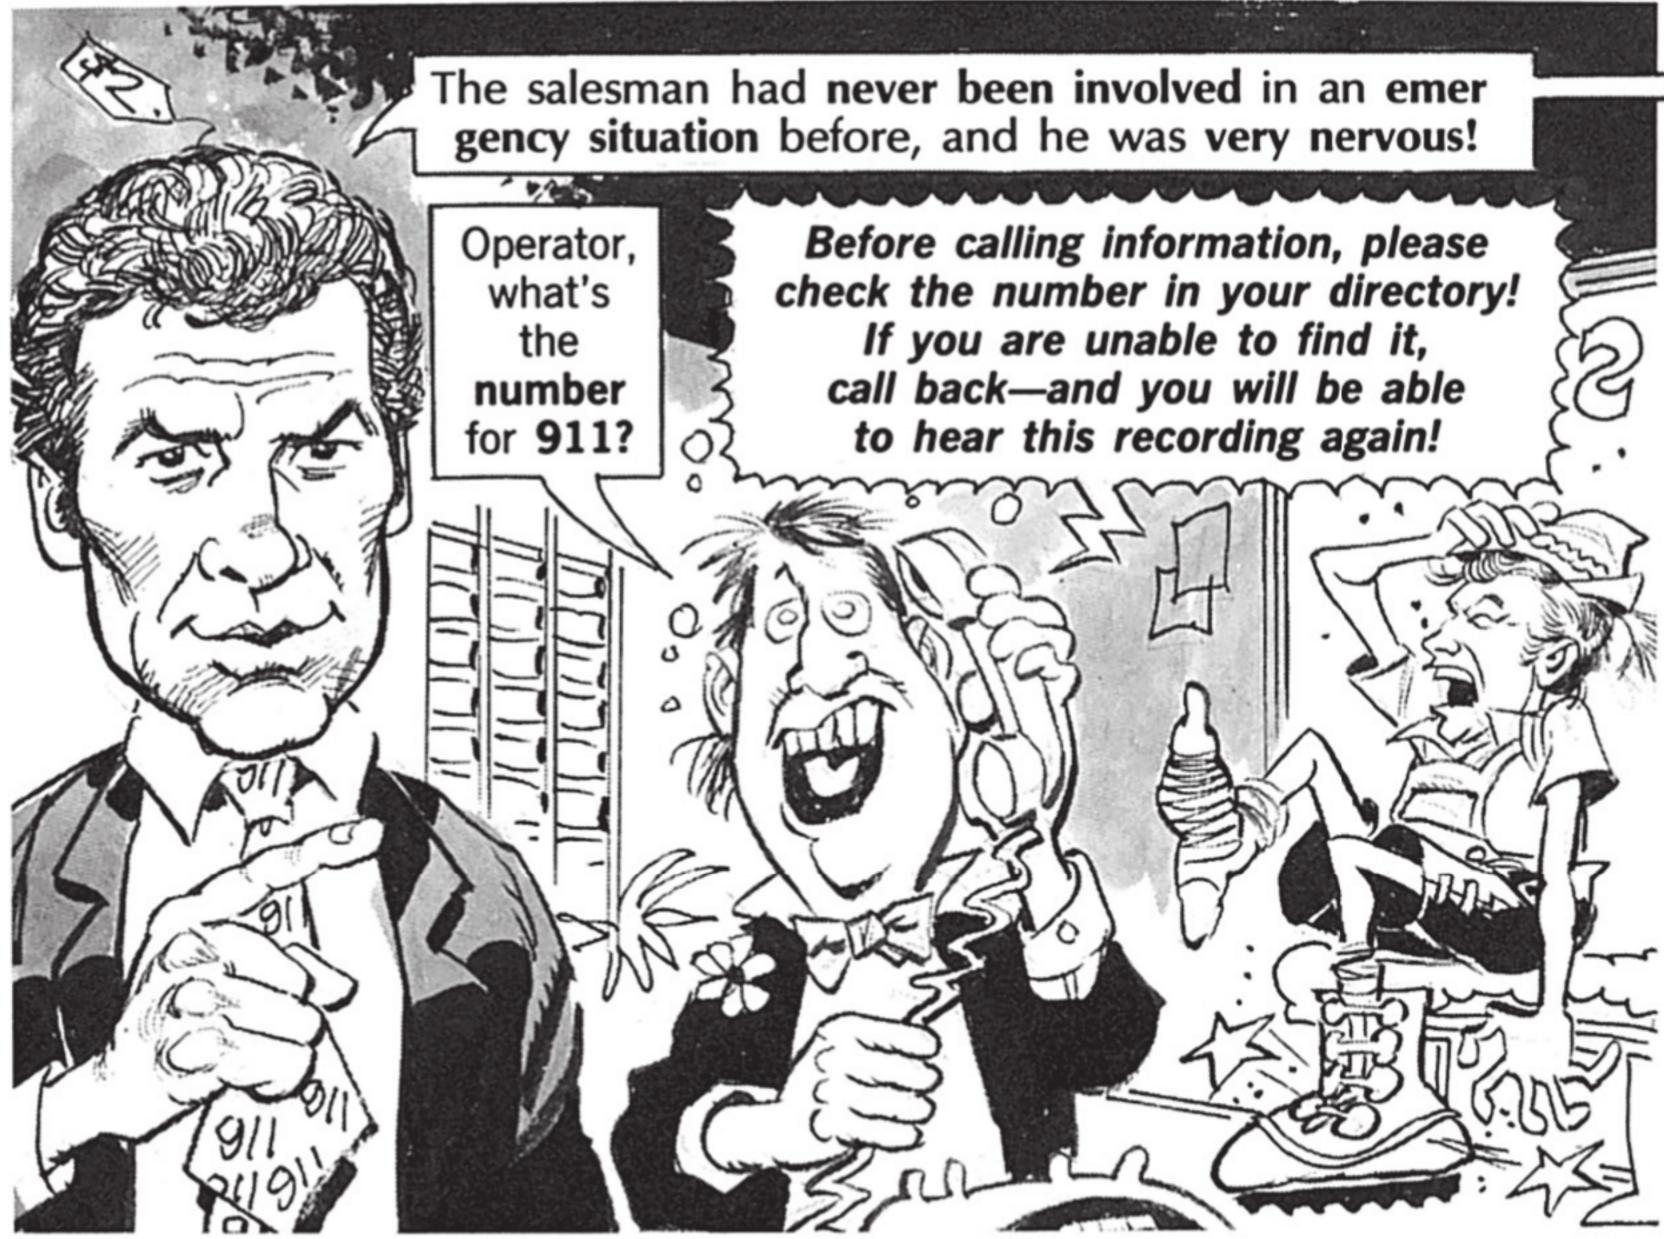

Now that we got that ever recurring scene of the tape machine out of the way, let's go back to the hiking story! Amazingly, the victim turns out to be DeFrosted Kelly, a man I've worked with many times in the past nine decades! Let's beam down to DeFrosted as he picks up the story!

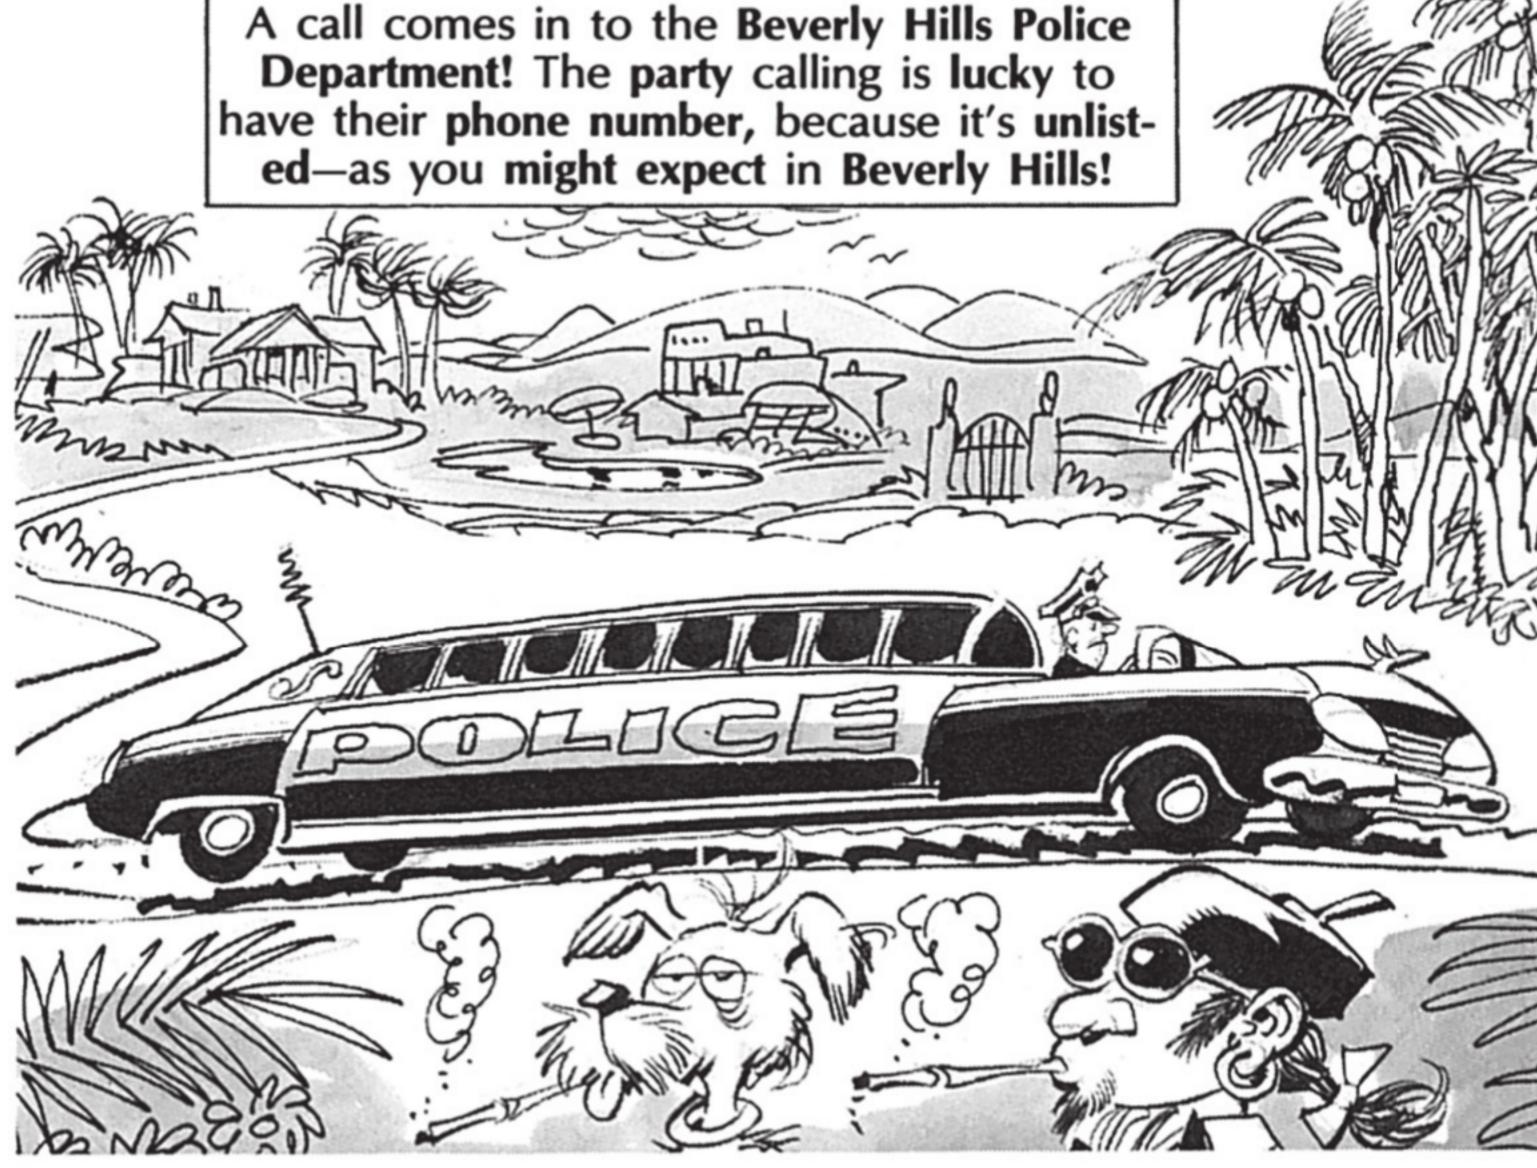

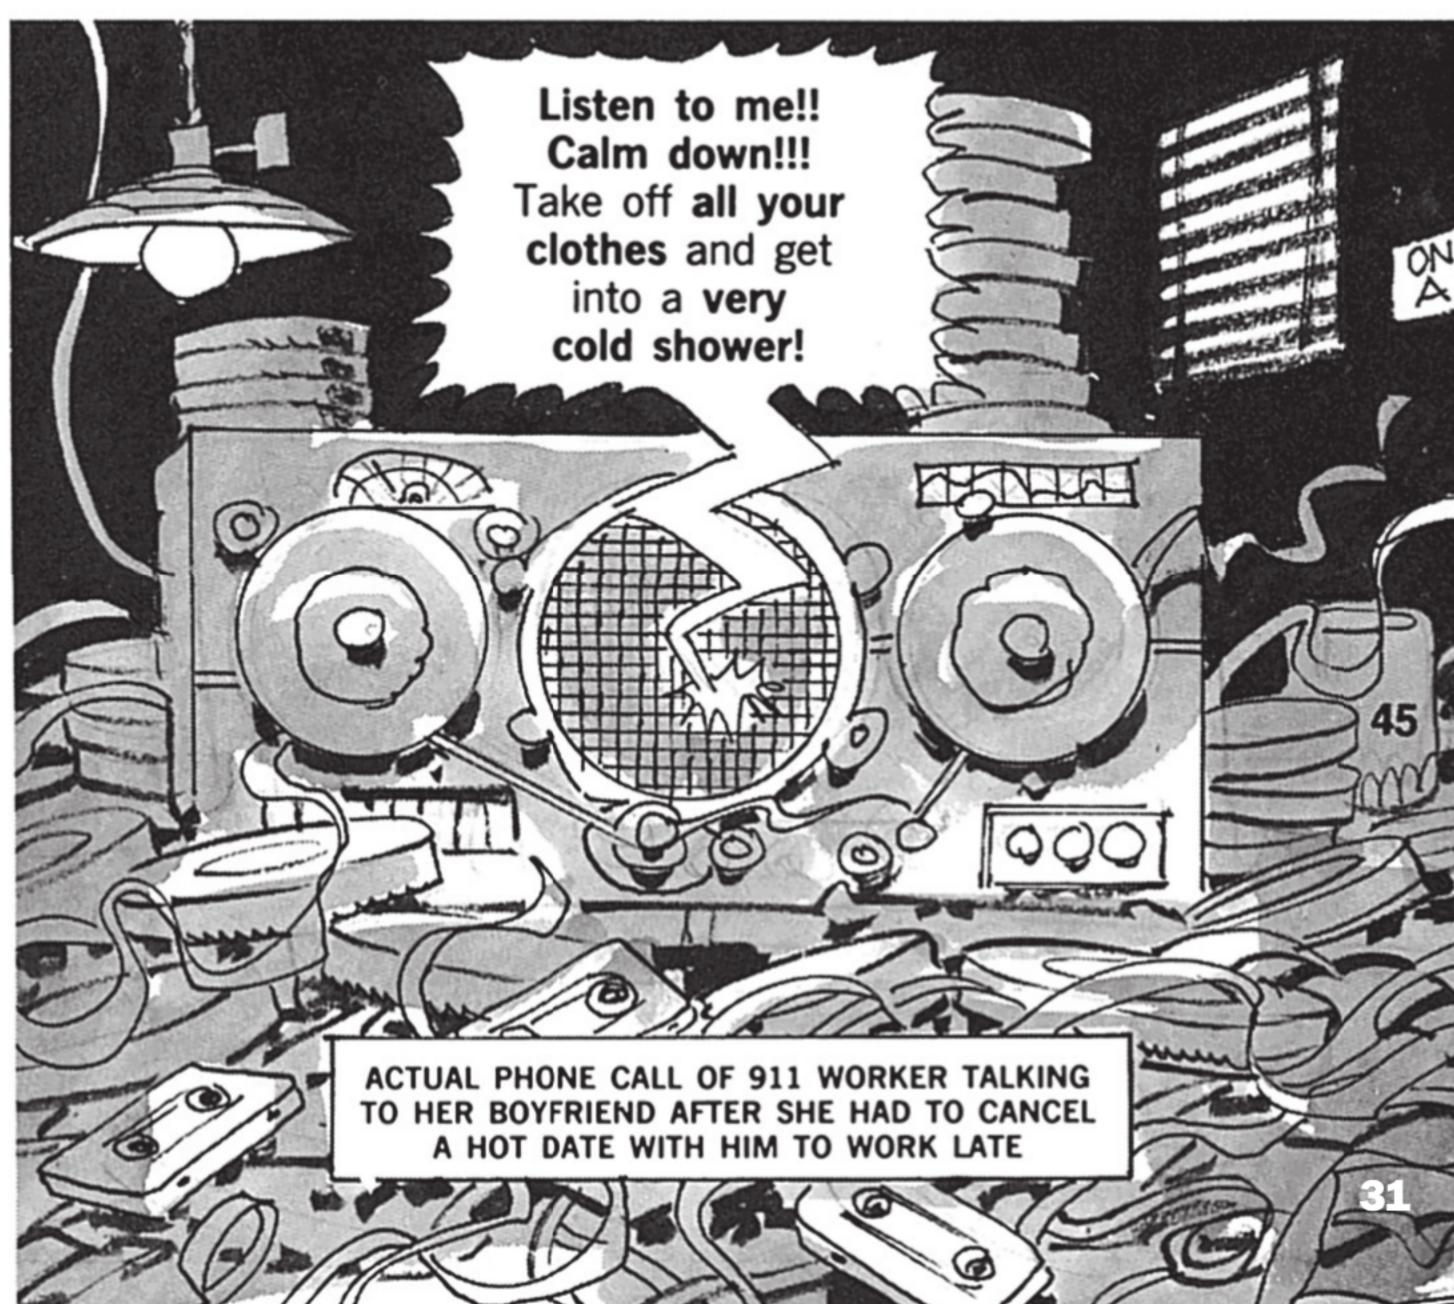

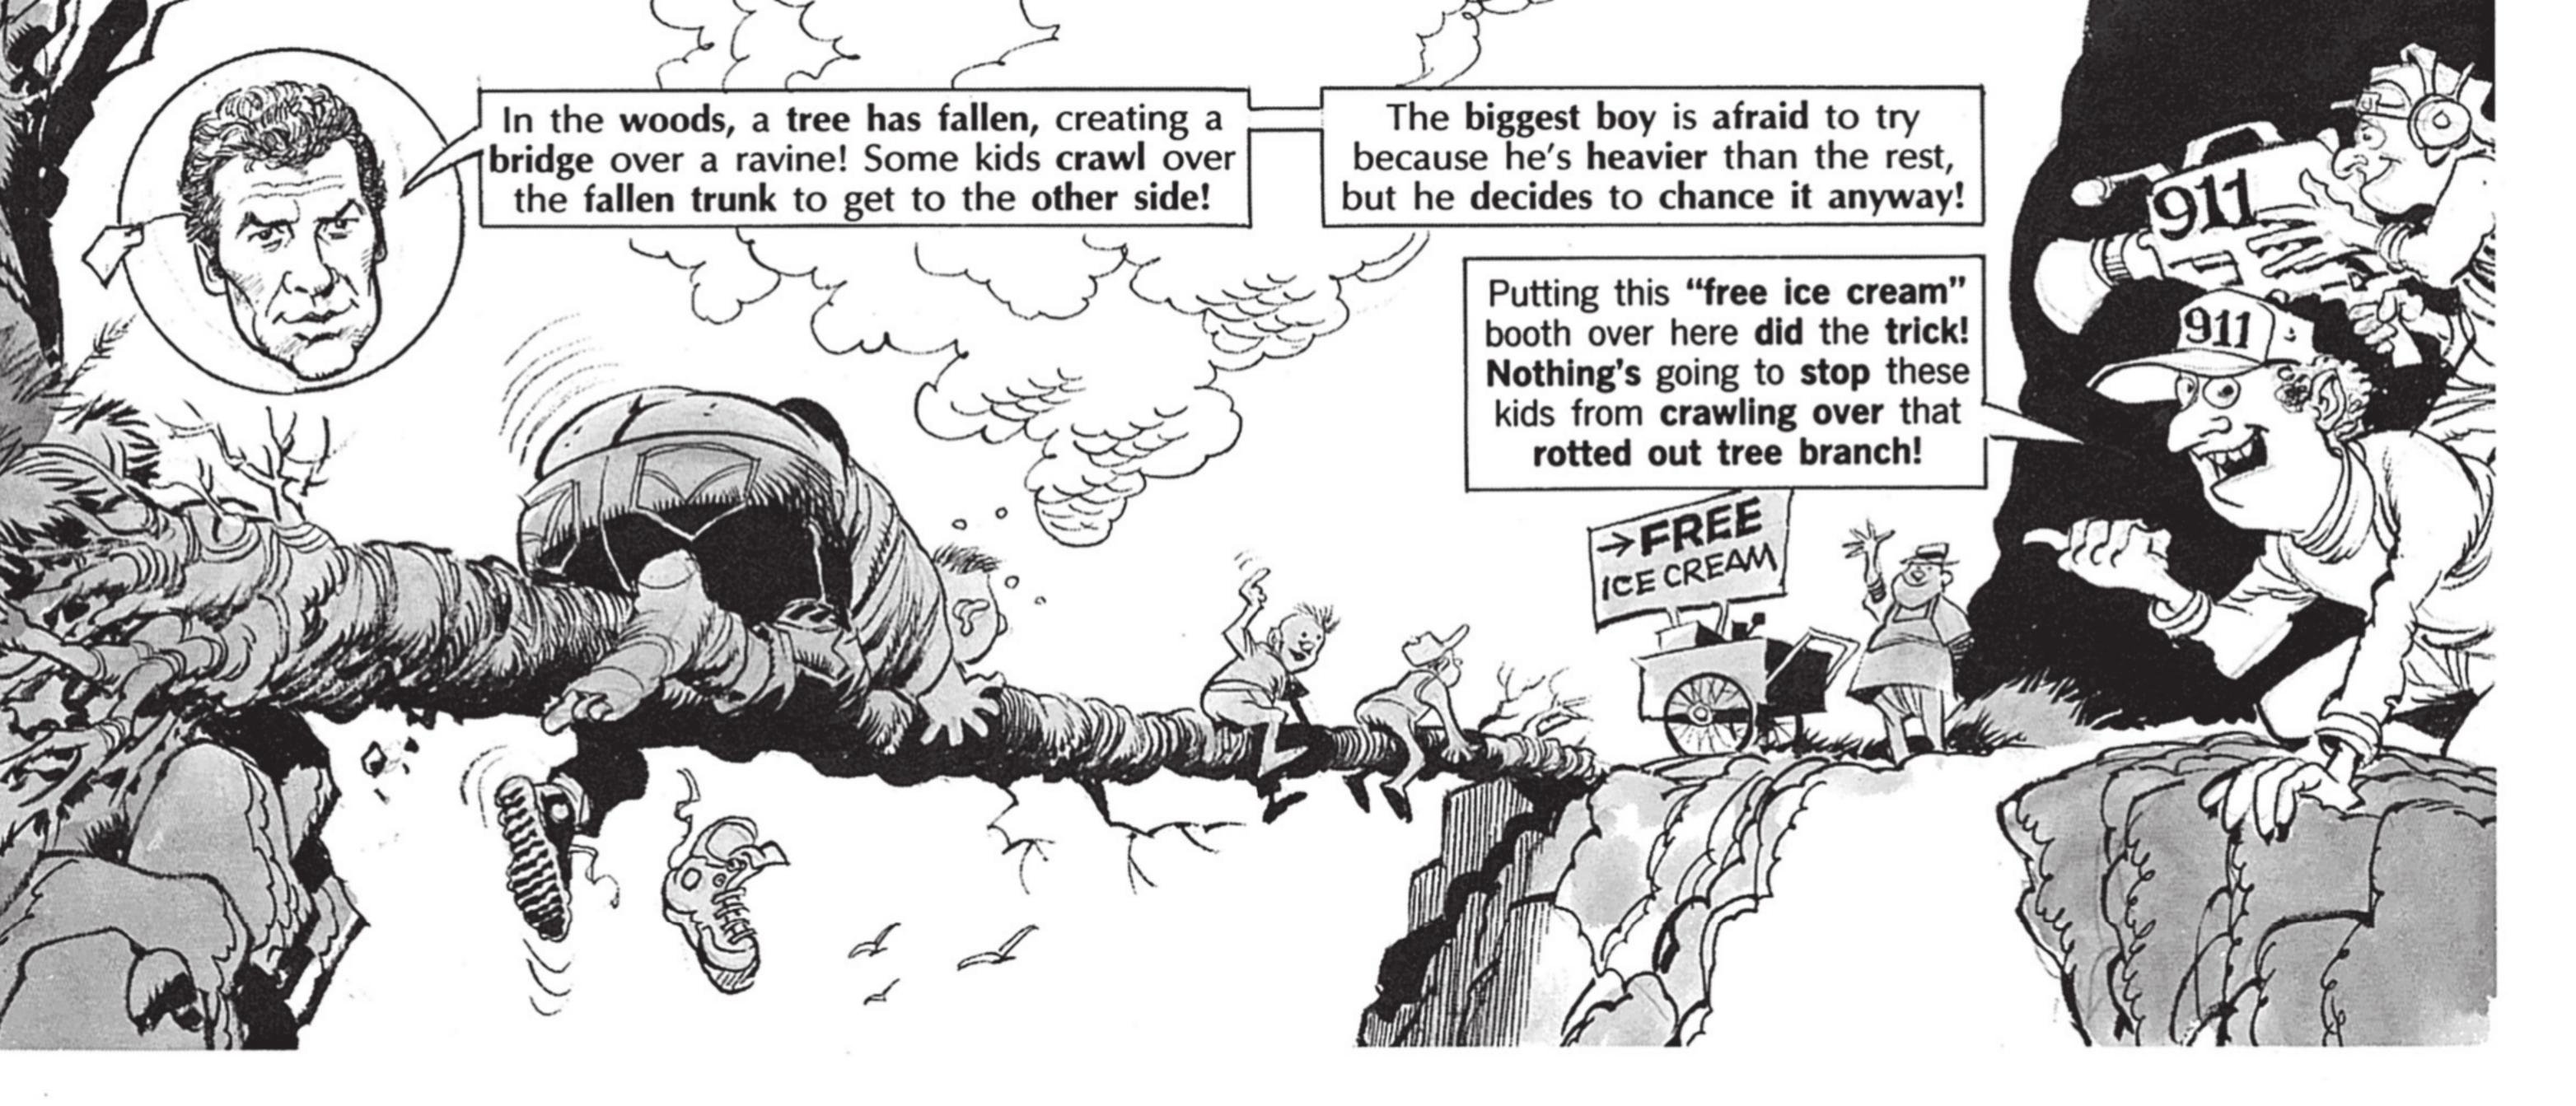

But when Sam Friedman got to the middle of the tree trunk it started to break! A passerby called 911 on his portable phone-we intercepted the call and sent a camera crew first!

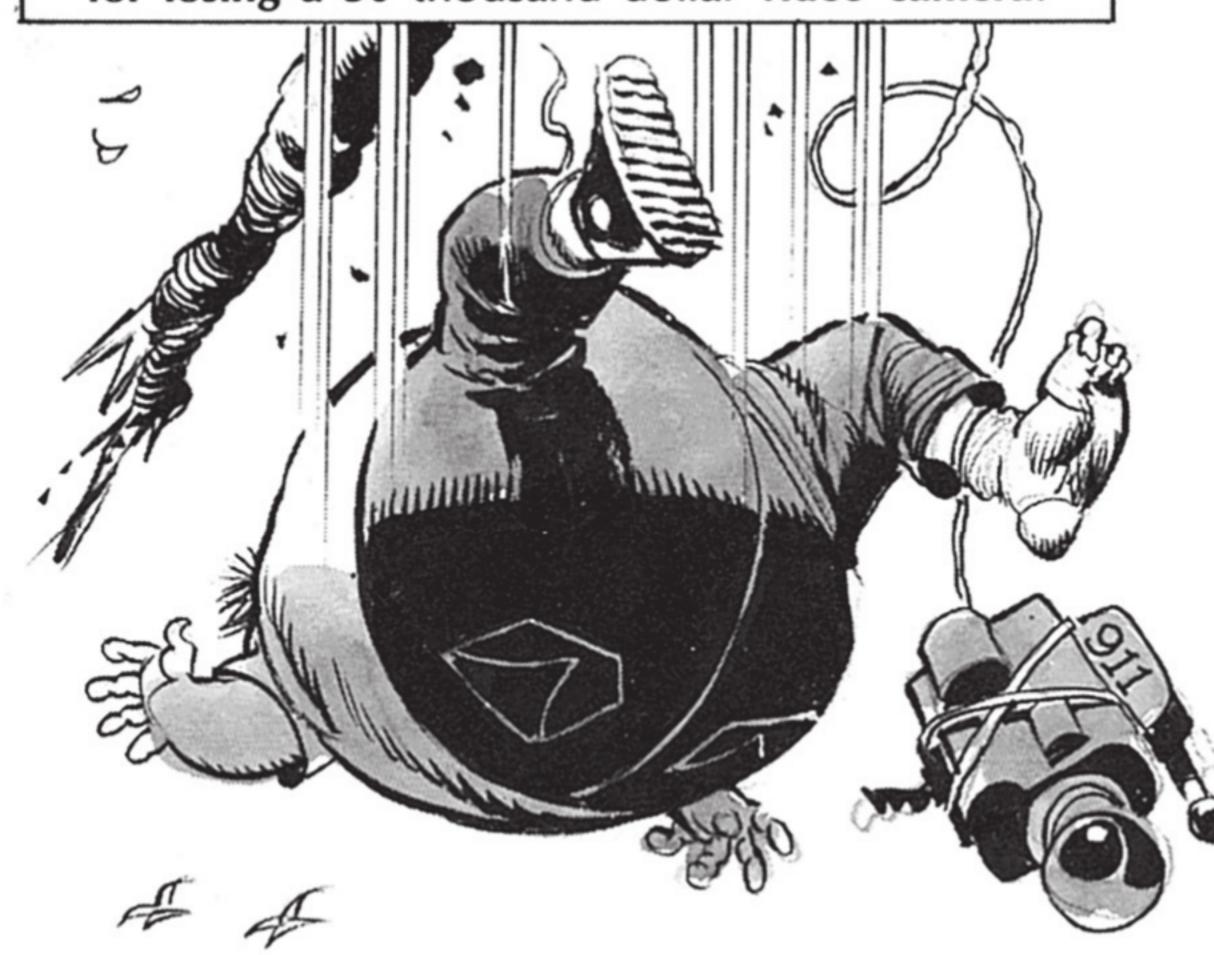

WIN KING VINVINGE

When the 911 film crew got there, the first thing they did was climb a branch above Sam to get dramatic shots of him below! They had to work fast though! Sam could be rescued any minute which would mess up everything for us!

Don't move! Your weight is all that branch can take! Now listen carefully! I'm going to lower this 50 pound video camera down to you! Hang on to it and use it to shoot some footage straight down, so the audience can see the dangerous and helpless position you are in!

We learned a powerful lesson that day! No matter how dramatic the shot will look on TV, don't take chances! Our cameraman did! And he was firedfor losing a 30 thousand dollar video camera!

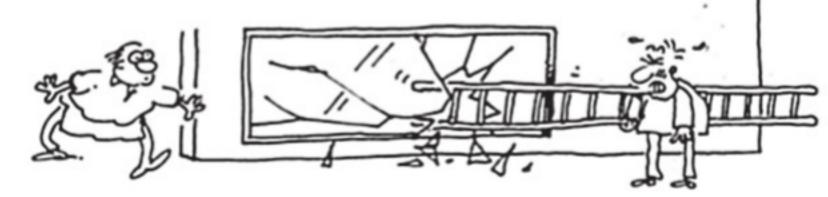

Not every story can have a happy ending! Timmy Racine watched his house burn to the ground, too terrified to call for help!

Timmy, if you saw fire, why didn't you call 911???

It's your fault! After I spent \$187 the house was on phoning the WWF Hotline, you told me never to call a 900 number again! I was only following your orders!

Let's welcome our newest contestant to

CAKE OR FAKE?!

Darryl, tell us a little about yourself.

Puppies! Can they be any cuter? Of course! We used our special "Teeth Wide Shut" dental molds to give this Pomeranian pooch award-winning chompers. Coupled with a cut and fur dye, it gives this little hound a disturbing "Pom Cruise" look!

We know fish owners long to show off their finny friends to the world, but fish have an insufferable need for water. So we removed the gills, surgically grafted some nostrils, then created an aquatic breathing tank with wheels. Now this coy koi is as happy as a fish outta water!

Fun fact: All turtles are overweight. But with a little ingenuity and a large lack of empathy, we helped this repellent reptile lose multiple pounds by removing his useless shell! Add the right terrapin accessories, and this nudie cutie can strut the runway with pride—albeit very slowly.

One of nature's best-known secrets is that snakes don't have legs! Plus, this guy is as slimy as...well, a different snake! But we fixed all that by decking him out with robotic legs and giving him our Husky Himalayan Hair Transplant. This serpent now looks so stunning, we wanna hump him like a manimal!

We gave this pretty kitty and her owner "hiss and hers" makeovers!

To accomplish this crime against nature, we performed a "catnip and tuck," did a feline ear reassignment, and inserted howly-jowly cheek implants. Now it's nothing but treats and wins for these freakish twins!

The number one complaint from parrot owners? "My bird's eyes look like bird's eyes!" So we worked with the most sought-after (by the authorities) optic surgeons to implant human peepers onto this parrot. And with a de-feathered, bedazzled wingspan, this bird went from fowl to fabulous!

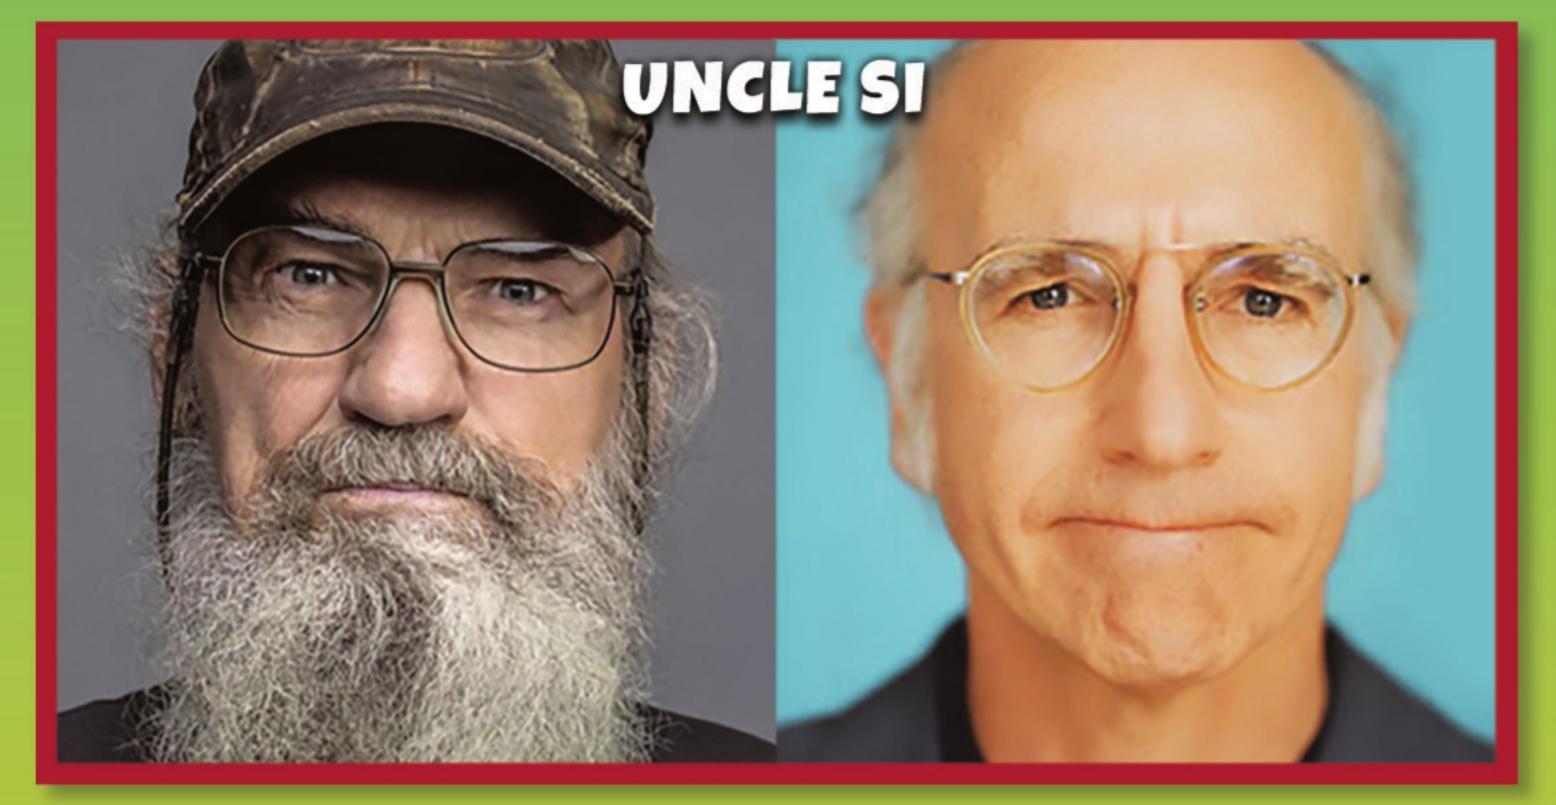

Everyone hates unwanted hair, and the bearded dragon is no exception! We were able to nix this bumpy frump's undesirable flesh fuzz with our one-of-a-kind Brazilian Chin Wax. Now this luxuriously lubed lizard is a real smooth operator!

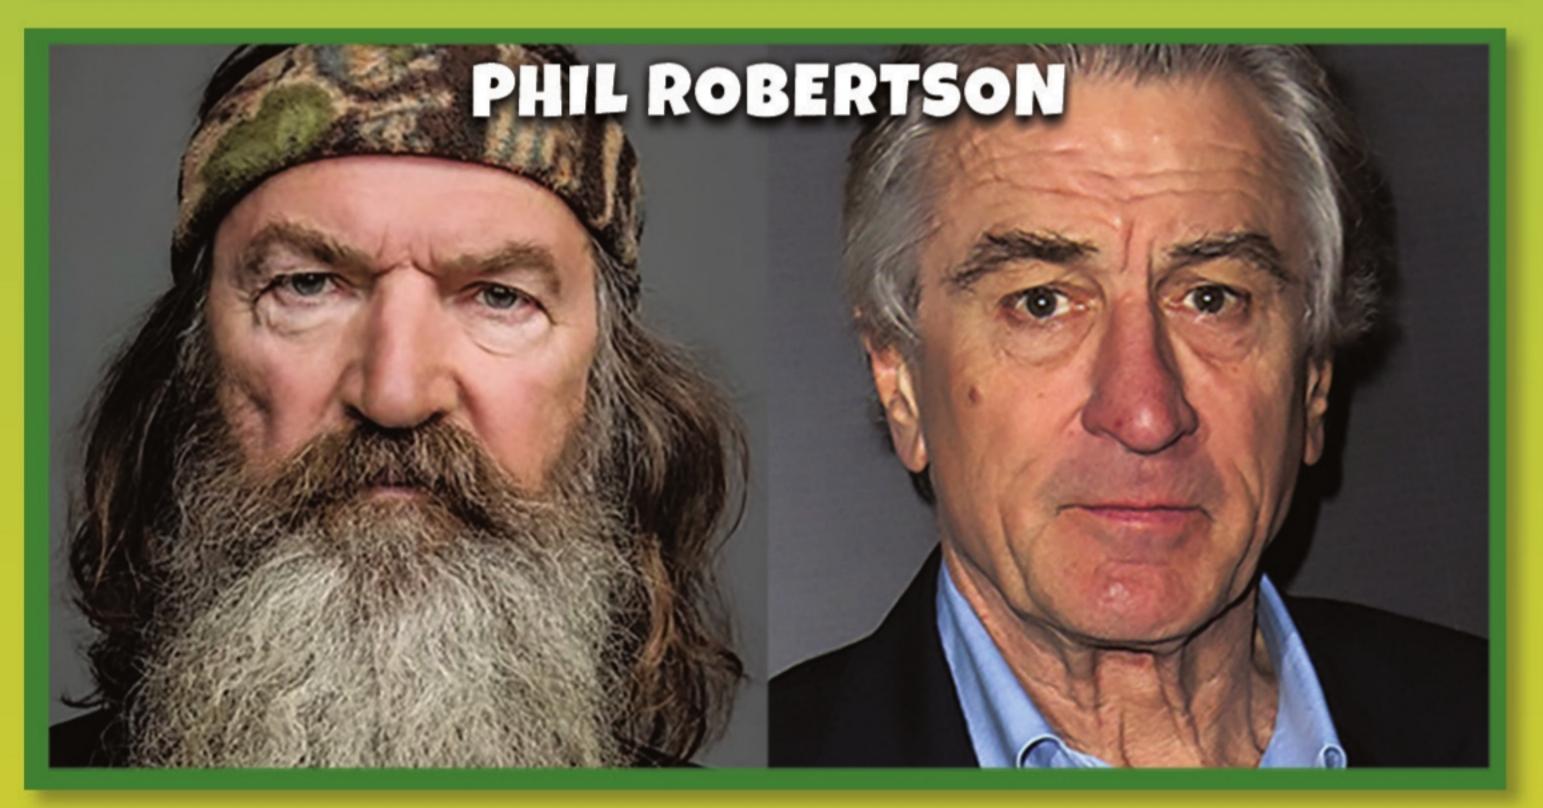

Goats are shiftless, hairy, and horn-y, just as nature intended. But we can't have that! So we took this busted buck to Rustic Ram's Barn & Gym and got him billy goat buff! After weeks of weight work (and injections of our patented "stag-roids"), this guy went from goat to G.O.A.T.!
